**Say No To Hate**
@antihate_india

**Meet @HatePatroller aka Akshat Deorat (@tigerAkD).**
**Hate Patroller (Akshat) has been guilty of risking lives of inn0cent Musl!ms, other minorities and sharing private information over twitter, motivated by his supremacist ideology.**

**++**

2 / Akshay Deorat lives in Mumbai and works as Director for Mexim Adhesives Tapes. He is a member of @HinduITCell and har@sses people online through anonymous account @HatePatroller.
His t@rgets vary from women to religious minorities.

3/ Putting out sensitive information, and encouraging people to be hunted down is an obsession for him. He also has a keen interest in “taking over” accounts of activists. Have a look for yourself. Here he shares details of a bakery, profile link of a person’s parents and

++

puts them in d@nger without batting an eye. He has done so for countless people till date.

4/ we will soon tell you more about him, but let us first discuss how HatePatroller and TigerAkD ended up being exp0sed.

It all started with a small initiative by @hinduitcell, a group meant to go after and push down anyone who would have a different opinion than HRW on twitter+

Out of a selected 50 follows, h@te patroller follows only a single non prominent account, guess who■

5/ The current pfp of h@te patroller was first used by @/brijbala_ (who is also from Madhya Pradesh like our lead actor, akshit)

This was removed from the latter account when hatepatroller made it his PFP

6/ When @atheistRonnie was d0xxed by hatepatroller, Same content was shared by TigerAkD on twitter from InstaGram, at the same time.

We never thought OpIndia could be useful, but it turned out to be :( There article attributed the expose to @hatepatroller,

++

But requested people to DM @tigerAkD with info. Any guess why?

7/ AkShit and his alter ego are also overly protective and fond of one community in particular. ■
Considering that @hatepatroller doesn't speak up fervently for h@te speeches towards other religi0ns, this was heart warming

8/ AkShit could also not resist using the same dictionary while using both the accounts ■
We should take "cognizance" of his affinity for rhe word "cognizance"

9/ long back, @mynation had promised legal action against a case, @TigerAkD asked them to DM him related to the same.

4 months later, @hatepatroller was seen quoting @mynation and reminding that promise.

Can't take a man's heart out of their Alt.

10/ uncle @hatepatroller was on a "break" since 15th Feb 2021, and his younger self @TigerAkD was searching for a place to stay in Pondicherry around the same time. You all shouldn't expect a man to work on his alt while vacationingggg.

11/ Let us now go through some of the most problematic tweets of @hatepatroller & @tigerAkD.

Although he claims to be an atheist who equally dislikes all relgions, but Islam is his most disliked religion.

12/ enough of boring stuff, if you are still reading. Let's dive deep into Uncle Patroller's life beyond Dharma Raksha.

AkShit is also a member of @paratramusic , plays Sitar with them, while doubles up as an online Har@sser on twitter.
++

Here is youtube channel of @paratramusic where we can see more of our Sitar Vaadak.

13/ Paratra is hosted by many online music streaming platforms like @gaana , @Hungama_com , @Spotify , @AppleMusic . Please make sure that they know that they are giving platform to a communal person.

And yes, make sure you give some love to their youtube channel

14/ Oh btw, AkShit has a wife too. Here's a picture of them getting married. Hope he doesn't h@rass her as well. Feel sorry for the innocent soul.

Please do not trouble her wife

15/ He has been actively involved in putting many people at risk of l¥nching in India and loss of job, while also making them go through a mental t0rture.

Here are some SS of his supposed "d0xxings" that he boasts about.

16/ AkShit also has a history of troubling women online, and launching a mass troll att@ck on them just for having a different opinion than him.

He also masters in giving vile r@pe threats to women & peddle his perVerted ideas.
Hope someone in Maharashtra can take "cognizance"

Surprisingly, AkShit and his disgusting ways have gone unnoticed for a long time here. This is obviously due to political support. But now, It is time to take the matter up and pursue responsible leaders to expedite this case.
@MahaCyber1 @MumbaiPolice

18/ Here are some of @HatePatroller aka @tigerAkD 's problematic tweets where he is seen having an!mosity for sikhs, calling them khalistanis, and disrespecting Musl!ms.

19/ Our boy has all the traits of a Man!ac, and even looks like one ■

20/ For a platform like Twitter which is a marketplace of ideas, having such danger0us people is like putting thousands of people at risk. But this doesn't stop here. He has the potential to unleash his b!goted self in real world too.

++

That is why it is important to take actions and file complaints against him wherever you are in India.
Please do your bit■
Oh and yes, please take SS of each tweet in this thread and QT it with the same, as this thread will get heavily reported by RW
++

and also so that the information reaches as many people as it can.■■■
