**My local mosque came up with a fantastic approach because of which scores of young boys who used to miss salah are attending regularly, Alhamdulillah. Even the FAJR!!!**

**I want you to leave everything & read this FIRST! ■**

(2:43) "Establish Prayer and dispense Zakah (the Purifying Alms) and bow in worship with those who bow."

We all know, Allah SWT had commanded us to establish prayer.
This is an Obligation on us.

If young people are taught something there are chances that they'll hold it firm+

It is with great grief that I'm saying sometimes in the Fajr, the imam and muazzin wait for at least one musalli to start the prayer.

This is disgrace. May Allah forgive us.

So in order to avoid such time in coming future, we must teach our kids with great care and concern.+

The mosque management of three mosques around my house have collectively decided that, if any of the kids from 6-10 classes attend all the salahs for 40 consecutive days, they will be awarded with a GRAND NEW BICYCLE.

For some reason if any kid, couldn't attend all the 40 days +

He will be awarded with some or other gift or monetary rewards, each kid will be given participatory gifts too at the least.

They've announced this at Friday prayer in probably all the mosque of our division, +

and 170+ forms have been filled. This is such a huge success, I must say.

Kids are pretty enthusiastic and very actively participating in it. They are waking up early in the morning and coming to the mosques in group ■

After every salah they are supposed to sit in group +

Imam sahab will talk to them for some 2-5 minutes, he will teach some good habit like we should put aside the stone from road etc etc. And then he will give some banana or a 5 rupee biscuit to kids.

This is simply outstanding. I'm so so happy to see little kids in the mosque.

The entire funding will be borne by the musallis of 3 mosques & elder people. May Allah reward them in ample for every penny

If any of the readers' want to help the cause with whatever little they want, they can DM, swearing on Allah that with complete faith I'll hand it to imam

My prime purpose of this tweet is that I want brothers to propose this idea to your local mosque management. Collect reasonable amount from the responsible people of the mosque and start this please.
There are people ready to donate for this cause+

This is a very noble cause. Following Generations can be saved from the fitnah growing out.

Please, propose this to your imam or management head.Consider this

Jazakallah for reading.
Please do your part, just let it reach to a bigger audience.
