Yesterday at an event attended by 350 people including former @UKLabour MP @DerbyChrisW, @BristolUni Prof David Miller, @STWuk Steering committee & occasional @guardian commenter Sami Ramadani spoke about Jews as a global Zionist conspiracy.

Prof David Miller of @BristolUni lashes out against @UJS_PRES and Bristol Jewish Society, points out @UJS_UK & JSOC are "formally members of the Zionist movement..."

"Its fundamental to Zionism to encourage islamophobia and anti Arab racism too."

We pointed out other comments he made during his 10 minute rant yesterday

Former @UKLabour MP Chris Williamson:

"The problem we have is that the political class has been captured in this country on both sides of the chamber in the house of commons all political parties have been captured by the Zionist lobby and corporate capitalism..."

Adoption of @TheIHRA was when "the witch hunt was stepped up inside the Labour Party" blames "useful idiots" Owen Jones and @guardian who "helped to facilitate the enemies of a socialist domestic agenda at home and an anti imperialist foreign policy at home"

Chris defends Ken Loach and Kerry Anne Mendoza founder of alt-left website The Canary.

Says of Loach "he was accused of having a history of blatant antisemitism which of course is a complete lie!"

No it isn't.

Lets take a quick look at those two...

Here's a thread on Loach laying out why the Jewish Society @uniofoxford were right to have such concerns about the film director. Jews know what antisemitism looks like.

> Ken Loach continues his decades long project of trolling the Jewish community.

> Loach the man who 'directed' Perdition: Which 'took the greatest tragedy in Jewish history the Holocaust, & transformed it into a product of Jewish treachery, from which the Zionists benefited.' https://t.co/A6ikAYsmTq

Here's Kerry Anne Mendoza attempting to use the Holocaust to attack Jews. These are the people Chris Williamson makes common cause with.

The speaker below is Sami Ramadani of @STWuk.

@LondonMetUni is he a senior lecturer at your institution as he has claimed in the past?

"This campaign to silence critics of Israel has been latched upon by ruling classes, especially in imperialist countries like UK & USA..."

This is the antisemitic left. They say Zionists, they mean Jews.

It's inconceivable that complaints made about their antisemitism by Jewish students are made in good faith, for them they're evidence of a worldwide Zionist conspiracy.

They're fanatical.

Don't let them win.
