@idineshptl

#JKPAPER -360

Now above Fibonacci extension
1.618%(275) & objective is to move higher towards Fibonacci extension
2.618%(407) in near term than eventually move higher towards further Fibonacci extension shown in chart.

#Perspective

> #JKPAPER -258
>
> Look at price reaction to 1.618%
> Further upside above 275.
>
> If fail price may start correction and consolidate for higher base. #Learning.. pic.twitter.com/puTL2KRwKV
