**The chart signals an upcoming violent move. I may be wrong but the risk is getting too low in here. Keep an eye out.**

**Holding this from lower levels - the reason being capitulation.**

**Jubilant Foodworks https://t.co/M1vLYEbkef**

The selling climax is accompanied by volume bars of such magnitude that I highlighted in the chart. In almost all cases, they signify that even the last bull has thrown in the towel & there is no further selling left. Will observe in this case.
