@idineshptl

### **#KRBL -247**

#KRBL

Entire correction from 675-91 mark as wave II than Wave III just started.

Valid till 91 not violated.

Near term objective is to move higher towards 0.382% retracement. #Probability [pic.twitter.com/pVqXg9NPgC](https://pic.twitter.com/pVqXg9NPgC)
