Let’s talk about CO Rep. Lauren Boebert and her part in the January 6th coup attempt. Newly elected, she has gained notoriety by declaring she will be wearing her loaded Glock around DC. She has professed loyalty to Trump.

Lauren Boebert's former campaign manager was Sherronna Bishop, a right-wing activist with ties to Proud Boys, III Percenters, Bikers for Trump, etc.

Boebert has always been vocal about her affiliations...

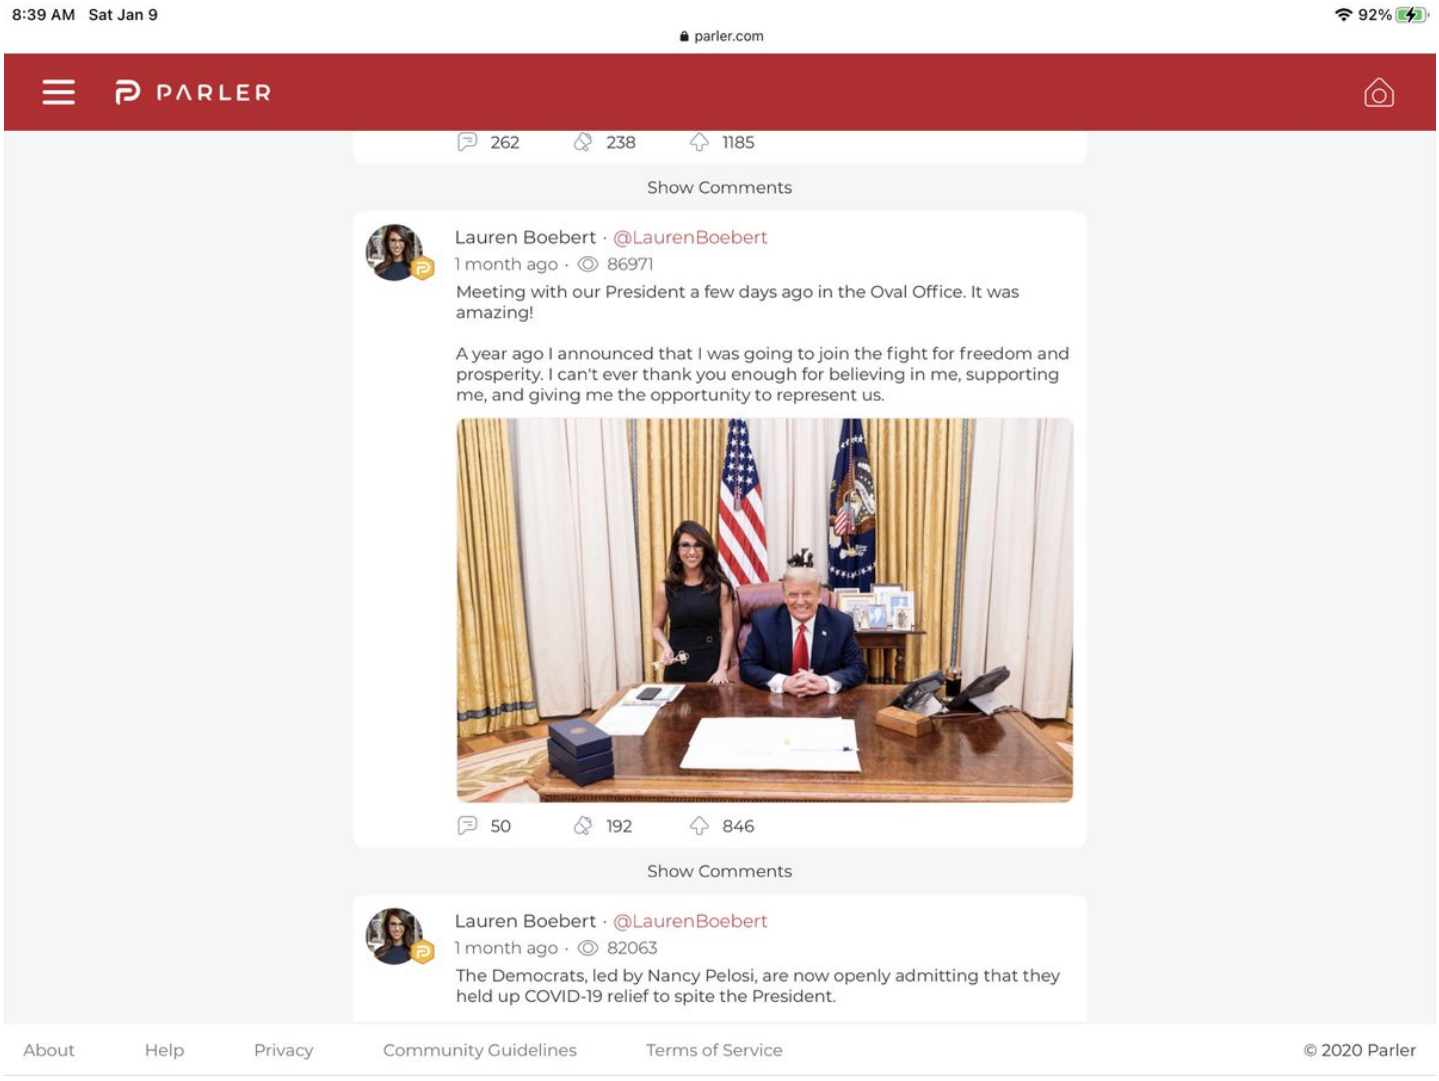

... and has used those affiliations in her campaign.

Good Evening all.
Monday at 1pm, Lauren Boebert is gonna be in Pueblo. Some of us have been asked to run a small perimeter security detail for her. The event that raises more concern for her and myself is the flag waving that starts at 5:30pm Monday. There is a couple of events that are happening before that. 1 of which isn't open to the public. I wasn't going to go unless they invited us, which they did. I'm asking ya'll to show up with your flags, and show your love for our country. Lets make her fell welcomed to our zone.

Finally she gained a personal audience with Trump.

After her meeting with Trump, Boebert announced her intention to object to Biden's win and began posting about how much she was looking forward to January 6th.

January 1st began a sort of countdown for Boebert, who was rallying support with every post.

On January 2nd she was posting that Trump had contacted her again.

On January 5th, Boebert posted that the 6th was going to be the most important day in history.

Man. Read the constitution. There's more than 2 amendments sweetheart. I know you only think there's two. But trust me. The others are pretty cool and important.
