So after over a week Fake Ass was played and played good....@THEREALTRDJ I said he was playing a game and he was the pawn in my game...
We all saw the Little Nigeria Fake running scared....The posts off him tagging law enforcement and other people was just laughable...hahaaa...

You see the Supposedly sicario was a real Sicario called Broly an easy Google image search could have found this...but Fake ass couldn't even do that...and he fell for it big time...lmfao
