US law enforcement has literal centuries of shameful history of infiltrating and spying on politically disfavored activist groups, from trade unionists to suffragists to abolitionists to civil rights advocates to antiwar advocates.

ANATOMY OF A CAPITOL HILL INSURRECTIONIST

PLATE CARRIER:

This is either an expensive Crye Precision carrier or one inspired by Crye design. Preferred by SOF personnel. Pouches are configured for function, not to "look cool." No wasted space. iPhone configured in protective case to record/stream video. Side pouch appears to contain possible aerosol can for chem agent and a VS-17 panel. VS-17 panels are carried on combat missions to signal aircraft (not functional here, but possible sign of pedigree). See also Punisher skull on flag.

SERPA HOLSTER:

Appears to contain pistol, worn high and centered over hip. Doesn't feel natural to the inexperienced, but extremely effective. The way worn and the style suggests "shooter/tactical" experience. Likely trained in CQB.

HARD-KNUCKLE TACTICAL GLOVES:

Leather or Nomex with a reinforced carbon fiber knuckles to increased striking power.

MASK/HAT:

The tactical mask is not for COVID, but to obscure identity. Effectiveness increased with ball cap worn low (featuring M4 over American flag).

FLEX CUFFS:

Plastic, disposable handcuffs. Standard carry by police and military; used for detainees. Due to high cost, these are often replaced with modified zip ties.

RIGGER BELT:

Designed for military, multiple tactical uses. Standard item worn by tactical personnel. Can be configured for modular items carried in pouches. Bears weight of pistol with no issues/sag. This one is properly worn/secured.

TACTICAL COMBAT CLOTHING

Kryptek - Expensive item. Camo pattern was created to compete for government contract for new pattern for special operations soldiers (lost to Multicam). Limited fielding to special operators, but available for civilian purchases (this appears to be the Typhoon color option). Most LARPers are going to get Multicam pattern gear as it is more well known to civilians; this is obscure. Pants/shirt are designed to be worn with full mission kit and under body armor; screams real world tactical experience/training

Long before #cointelpro, federal agencies were intercepting communications and embedding as provocateurs in radical political movements, often with the help of mercenary "contractors" like the [@pinkerton_agent](#). The digital age only ramped up this public-private surveillance.

KING,

In view of your low grade, abnormal personal behavior I will not dignify your name with either a Mr. or a Reverend or a Dr. And, your last name calls to mind only the type of King such as King Henry the VIII and his countless acts of adultery and immoral conduct lower than that of a beast.

King, look into your heart. You know you are a complete fraud and a great liability to all of us Negroes. White people in this country have enough frauds of their own but I am sure they don't have one at this time that is any where near your equal. You are no clergyman and you know it. I repeat you are a colossal fraud and an evil, vicious one at that. You could not believe in God and act as you do. Clearly you don't believe in any personal moral principles.

King, like all frauds your end is approaching. You could have been our greatest leader. You, even at an early age have turned out to be not a leader but a dissolute, abnormal moral imbecile. We will now have to depend on our older leaders like Wilkins a man of character and thank God we have others like him. But you are done. Your "honorary" degrees, your Nobel Prize (what a grim farce) and other awards will not save you. King, I repeat you are done.

No person can overcome facts, not even a fraud like yourself. Lend your sexually psychotic ear to the enclosure. You will find yourself and in all your dirt, filth, evil and moronic talk exposed on the record for all time. I repeat - no person can argue successfully against facts. You are finished. You will find on the record for all time your filthy, dirty, evil companions, male and females giving expression with you to your hideous abnormalities. And some of them to pretend to be ministers of the Gospel. Satan could not do more. What incredible evilness. It is all there on the record, your sexual orgies. Listen to yourself you filthy, abnormal animal. You are on the record. You have been on the record - all your adulterous acts, your sexual orgies extending far into the past. This one is but a tiny sample. You will understand this. Yes, from your various evil playmates on the east coast to and others on the west coast and outside the country you are on the record. King you are done.

The American public, the church organizations that have been helping - Protestant, Catholic and Jews will know you for what you are - an evil, abnormal beast. So will others who have backed you. You are done.

King, there is only one thing left for you to do. You know what it is. You have just 34 days in which to do (this exact number has been selected for a specific reason, it has definite practical significance. You are done. There is but one way out for you. You better take it before your filthy, abnormal fraudulent self is bared to the nation.

The #NoDAPL protests were infiltrated and surveilled by beltway bandits who billed the US taxpayer handsomely for the service.

2020's #BLM uprising was subjected to the full array of military and national intelligence surveillance: drones, IMSI catchers, mass interception, infiltrators, wiretaps, "reverse warrants" to recover location data from Big Tech monopolists and more.

And yet, federal and local agencies were seemingly totally unprepared for a mob of thousands of armed terrorists who stormed the capitol, disrupted the transition of presidential power, and threatened the lives of US legislators as well as the integrity of state documents.

5/

The thing is, the plans were in plain sight. For weeks, I've been seeing screengrabs from far-right forums that leaked onto public social media in which violent psychopaths laid out detailed plans to commit murder and overthrow the government.

Jan 6th - Rally Point - Lincoln Park

posted 1 day ago by morrowlane +22 / -0

38.88980096101685, -76.99028678740301 - Lincoln Park.

Objective: THE CAPITAL

Trump has given us marching orders, and, basically if you're east of the Mississippi you can and should be there. (If you aren't, be in your state capital in full force on the same day. I know it's basically red states between the Mississippi and the rockys, but there's enough democrats in every state that need to know we mean business.)

I've said, and said again, go to DC, numbers matter. This is the Winter of Our Discontent.

EARLY: Keep your guns hidden (outside DC proper, Bethesda, Silver Spring, Hyattsville), walk into DC - RALLY AT LINCOLN PARK (good boots a must), bring your plate carrier, your flag, radio and charging kits (NO PHONES), your trauma kits (3 tourniquets, quick clot, packing), gas mask and extra filter (you need to be clean shaven), water (3L minimum per person) and food (2 MREs of equivalent per person). How many people can a dead patriot save? none. ... (Also, if you cant ruck in plate and kit, dont larp).. ADVANCE ON THE CAPITAL!

Link up early in the day (6-12 man teams), have several rally points forwards and rear (PHYSICAL MAPS), have a multi-band radio (and know how to use it), print out and laminate a sheet of frequencies to have on your person.

LATE : If/When it's time to arm up. Fall back to perimeter, kit up, slow roll back into town. By 3am, we'll have a good read on the situation. Don't fuck around, full kits, 180 rounds minimum for main rifle, another 50 for sidearm, per person. You're going to be tired. Sit, eat, get hydrated. Know how to identify friend from foe (IFF). You should be on comms with your 6-12 man team (recommend earpieces minimum).

I wasn't even looking for this stuff. I was on vacation and only cursorily checking the internet. But it was obvious. How obvious? Well, the President was the keynote speaker at the riot and he openly called for violent insurrection. That might

have tipped the cops off.

7/

Since 1999's Battle of Seattle, cops have acted like pants-wetting cowards at the first whiff of protest.

2017's plan for dozens of paralyzed, wheelchair-using Medicare For All activists to peacefully occupy the capitol begat violent police panic.

Capitol police flipped over and cuffed paraplegics in wheelchairs for doing sit ins in the capitol for M4A

— Mark Agee (@MarkAgee) [January 6, 2021](#)

But when armed terrorists followed through on their widely proclaimed plan to invade the capitol building yesterday, law enforcement foundered. They weren't just unprepared to stop terrorists for breaking in, they were also unprepared to deal with them after the break-in.

9/

To get a visceral sense of the shitshow, listen to [@ryangrim's](#) interview with [@mepfuller](#), recorded while Fuller was hiding in a secret bunker with other Congressional reporters, Members of Congress and their staffers.

<https://t.co/ai5ThS9j77>

10/

There's a lot of fingerpointing today between the agencies, with a starring role for the US [@CapitolPolice](#), who get \$460m/yr (10% of Congress's total budget) and have demanded a stonking increase for 2021.

<https://t.co/INNmiMQHcT>

11/

They definitely have some serious questions to answer (including why their officers posed for selfies and seem to have opened the gates to permit terrorists to storm the building).

<https://t.co/XHJjWbHnRO>

12/

Next. Watch this video. Presumably minutes earlier of a different angle and section of Capitol. It presents a much more frightening understanding of what they were dealing with. pic.twitter.com/p1UOnmMQEy

But as [@nealstephenson](#) pointed out in his 1994 comic technothriller masterpiece INTERFACE, DC is a "cop zoo" with literally hundreds of different law enforcement agencies operating in its city limits.

<https://t.co/SMMMnI7L4x>

13/

Did none of these agencies see the terrorist plan that had been scrawled in 100' tall flaming letters across the internet? How could they be caught this flatfooted?

14/

From: [@propublica](#): "a thin line of U.S. Capitol Police, with only a few riot shields between them...struggled with a flimsy set of barricades as a mob in helmets and bulletproof vests pushed its way toward the Capitol entrance."

<https://t.co/b8WaKu3okA>

15/

In her excellent [@nakedcapitalism](#) roundup of yesterday's failures, [@yvessmith](#) examines the theory that police were on the terrorists' side. After all, police unions rallied for and endorsed Trump. Would they support a coup to keep him in power?

<https://t.co/kmUyQY1Bjd>

16/

Biden is no defund-the-police radical. He pledged to INCREASE cop funding by 10%.

But Trump doesn't just promise money for cops: his offer is total impunity. Remember when he told police they should deliberately brutalize people during arrests?

<https://t.co/2udGqejB8c>

17/

US policing has its origin in "slave patrols" that abetted enslavers by kidnapping Black people and forcing them into slavery. Slave patrols' legacy lives on in modern policing, with US police forces riddled with white nationalist terror supporters:

<https://t.co/cJkyaN1ZrO>

18/

Trump himself is a white nationalist. A significant proportion of US police might be tempted to abet a coup to perpetuate the rule of a despot who promises them a free hand to torture and brutalize, and who backs white supremacy.
