Please ask @Spotify @spotifyartists @SpotifyCares why they continue to platform DC terrorist Proud Boy Billy Knutson aka Playboy The Beast. Video in first tweet shows Billy Knutson INSIDE the US capitol.

8/ It should be noted that terrorist Proud Boy Billy Knutson has a history of bragging about his very long rap sheet.

He also said on his Parler that he's "more than willing to revert to [his] old ways" just in case you're wondering who the violent ones are still.
