1. Friends Of The Great Planet Earth!

Everything You Seek Is Already Within You! Each Waking Dream Has False Teachings That Say There Is A Special Place 'Out There' In The Skies Where People Go That Follow A Certain Doctrine.

2. And Those Same Teachers Explain There Is A Place Of Torment For Others That Arrived On A Different Part Of The Planet And Were Taught A Different Doctrine.

There Is ONE Creator That Has Been Named By Many. It Would Be Loving To Honor And Respect Another's Beliefs,

3. As In Truth, Many Have Lived In Multiple Cultures With Many Beliefs That Now Are Judged! Incarnating Over And Over Is The Joy Of The Soul Experiencing Life! The Soul Fully Understands This Is A Human Experience.

4. Wouldn't It Be Much More Relaxing And Fun To Allow Others Their Freedom, Just As You Want Yours? Yes Indeed! Relax And Flow!

Since The Very Beginning Of Your Self-Awareness As An Incarnate Being, You Have Probed Your World For Clues To The Meaning Of Your Existence.

5. You Have Looked In Every Conceivable Crevice And Pondered The Vastness Of The Infinite Cosmos. You Have Scrutinized The Spiritual Wisdom That Was Forthcoming From Those Who Believed Themselves To Be Knowledgeable About Such Matters.

6. And You Followed Directions Through Every Waking Dream, Hoping You Would Somehow Emerge, At The End Of The Dream With 'The Answer'.

Beloved Ones! You Are The Answer! You Carry All Lives Lived By Your Soul, In The Akashic Records Of Your Heart Chakra!

7. You Carry The Living God Within Every Fiber Of Your Being. Awakening Is Realizing Everything Is God!

You Were Created In The Vibration Of God And Your Soul Has An Origin Of Being!

8. You Are Multidimensional Sacred Souls! Many Friends Are Here To Assist You In Remembering Who You Are! For Soon The Lights Will Grow Bright In The Sky And You Will Laugh As You Shift In Awareness And Completely Awaken From This Dream!

EN EEKE MAI EA!

I Love You So!
