WORDS OF WISDOM:

TO AVOID EMBARRASSMENT AND UNNECESSARY PRESSURE IN LIFE IN 2021

1. Put your kids in schools you can afford because expensive schools don't guarantee good results. Just ensure they attend a good affordable school

2. Rent apartments you can pay for conveniently. Don't live in a house you struggle to pay yearly. If your 1 or 2 month salary or biz profit can't pay for your accommodation, that accommodation is not for your level.

3. A man whose wife is pregnant has good 9 months to prepare, same as the pregnant woman in question. They should even plan for the worse and only

seek help when they
can't meet up.

4. Some problems in our
lives don't just pop up,
if you don't own a
home, we knew we
would pay rents...So its
not an emergency.

5. Let's plan our lives and
live within our means.
Save more and spend
less and Invest wisely.

Never invest in something
that will make you rich
overnight. No seed grows
to a tree overnight and
provide fruits, not even
tomatoes ■.

6. Some women buy food
for their children every
morning before going
to school or even for

the whole family, do
you know it's cheaper
to cook at home?

7. Some people don't
earn much, but have
DSTV at home, go for
GOTV and upgrade
when your income
upgrades. It's still the
same CNN anyway!
Besides, most people pay
for

cable subscription they
don't have light or time to
watch.

8. Eat healthy meals and
protect your family

from mosquitoes to avoid going to the hospital always. Sleep under mosquito treated net, saves you cost of treatment on malaria.

9. Take advantage of food and fruits in season, its cheaper and you can be creative to create amazing meals. Every fruit in each season is meant to help your body fight sickness or health challenges in that season.

10. Don't copy your neighbor's lifestyle, she earns well and her husband is a 'big man'*

11. Don't follow trends, wear clean well-ironed clothes and keep your hair neat. You would still look good.

12. Keep your circle small, keep only friends that have senses!

13. Above all things, have the fear of God, have integrity, don't be lazy and be prayerful

14. Planning is the key, if you fail to plan, you plan to FAIL

15. Don't do more than your budget this

year, there is no
award given to best
family that wore an
expensive cloth for
the year■■■■.

16.Don't be in
competition with
anyone.

The purpose of shoes
and clothes are to cover
our nakedness,
make us smart and
good.

Wishing you all the best of the year 2021
