true TIs...

the saga of slander attacks in shite gobbles continues...time and again; i stated TRUTH in solid rebuttals that not only prove i am not anything perps LIE smearing campaigning me as but contained solid evidence sustaining that truth. i want to make a few things...

very clear 1. under NO condition, i do not and will not ever accept any "terms" irrationally demanded by a perp. 2. as of present day, i have NOT execute/done/committed any hurtful and/or harmful act towards a perpetrator. 3. i maintain my innocents, character, integrity,...

and genuinity in my self as a individual human being and in my work i did on behalf of true targeted individuals. 4. it was i; myself and me alone; whose originality of solid work; authenticity of thought; and credibility of morals helped induce the exposure of war crimes,...

atrocities, genocide program, technologies, and warfares for true targeted individuals. 5. my work on behalf of true targeted individuals did cause me to be targeted with extreme,severe targeting in me being "singled out" by perpetrators who infiltrated the TI community. ...

6. i maintain my right to freedom of speech, right to defend myself, and right to exercise solid judgment in who to help and who to not help due to preposterous fabricated LIES via perps' flying monkeys who seek to further in the smearing and slander attacks against me. ...

in addition, the following is ABSOLUTE TRUTH: perps continue to stalk, harass, slander, bully,..despite the fact that their severe/brutal/extreme targeting of myself forced me to leave the TI community some time ago. furthermore; let me be VERY clear when i proved that i ...

had done nothing yet THEY CHOSE to execute warfares against me for NO reasoning of logic. regarding lawsuits; i made a final decision NOT to pursue a lawsuit despite the fact i should...these perps are not going to quit targeting me; not now going on FIVE years and not then...

going on one year. it is these individuals' decisions and choices to do so, something they must live with. i, on the other hand, do not have to live with it similarly i do not have a hatchet to bury; no amends to make; nothing to forgive; nothing to really say frankly...

these perps are the narcissistic malignant psychos they project their "targets" to be...which again; their words come from their own thoughts...their own thoughts about themselves...personally in my POV; it is quite sad and pathetic that one attacks one so viciously so...

extremely in efforts others will believe them...day after day, that is pretty much all that perpetrator is accomplishing in the tearing down to destroy innocent, intelligent, and successful individuals whom they were jealous of in the first place. oh and say nobody cares but...

know this idiot perp I WILL ALWAYS CARE I WILL NOT KEEP SILENT...target me if you want perps but also know TRUTH was told and in doing so on behalf of true TIs; THEY exposed crimes of genocide, warfare atrocities, along with their demented horrific acts to come. TRUTH need...

also be known you CHOSE to surround yourself with methamphetamine addicts trash. also, your emails are childish sociopathic and moronic. you truly prove you have nothing better to do with your time than slander via emails (viciously executing a mob style attack because...

about 50-100 people are tagged in the emails...one can find a slander email executed and used in the perp's mob style recent attack). regarding the last couple things i will state a critical fact of TRUTH; those of you who sit idly by, who observe, who can bear witness to...

these attacks and you say and/or DO NOTHING...well, congratulations you are officially that perp's flying monkey! we are all adults here and so there is no need to be presumptuous rather state the facts of TRUTH and lay it on the line...in one's "not wanting to get involved"...

you allow perpetrated attacks AGAINST innocent individuals...you may attempt to excuse this if you wish BUT it is your same, mundane decision to be a flying monkey every time you witness a attack and another attack whilst continuing to CHOOSE to do NOTHING. again it is your...
