How to destroy your competition with Cold Email

Want numbers like this?

I am going to show you exactly how to **GUARANTEE** your cold emails will convert.

// THREAD //

First, I am going to show you the structure of a killer cold email.

{{Quick Question about Company_Name}} <-- Subject line

Hey {{Name}}, [[first line]] <-- individual personalization is key

We just helped ____, a business like yours, do x in y days <-- Case study

I'm 100% certain we can do something similar for you.

Do you have time for a call this week? <-- CTA

Let's break this down.

Our main goal is to not sound automated. (even though it was in a way)

How do we do that?

Highly Personalized First Lines.

We have their:

- Company Name
- First Name
- LinkedIn Profile

I use <https://t.co/cotgiyqqLE> to scrape this. (not aff)

The better the first line, the better the cold email will convert.

We need 10/10 first lines.

A good offer + a bad first line = 60% open & 8% reply rate

A good offer + a 10/10 first line = 80% open & 20% reply rate

Run the numbers.

There's only one way to do this.

[@THETYFRANKEL](#) & [@blackhatwizardd](#) just came out with a 13 HOUR series of training videos that will turn a newborn baby into a God-Tier first line writer.

Price is going up to \$127 very soon!

Heres the link --> <https://t.co/9FGWt12mdH> (not aff)

1. Go on Upwork or Onlinejobsph.
2. Post a job titled "first line writer" (they'll know)
3. Hire them for <\$1
4. Give them the training videos
5. Watch your cold emails skyrocket

Mastering Outreach:

- Keep the cold email short (no fluff)
- Test EVERYTHING (angles, CTAs, case studies, MB guarantee, etc.)
- Make sure your domain doesn't get blacklisted (g-suite, lemwarm)

- Get Cold Email Mastery (next page)

In 2018, the average cold email reply rate was 1%...

On a terrible day, I get 70% open, 15% reply, 5% meeting book rate

How is this possible?
