**United Spirits - How beautifully chart patterns work on a monthly scale, too. I was bullish on this for the reason that it is coming out from a very strong tight consolidation zone. <https://t.co/rdjPmgFN7d>**

UNITED SPIRITS LIMITED · 1M · NSE · 0719.00 H853.25 L702.25 C827.70 -112.55 (-15.74%)

United Spirits (McDowell) - I will not wait for the monthly closing and will take an entry in this with an SL at 690. I lose almost nothing in lieu of the potential reward. <https://t.co/HcNRuWvlpO> [pic.twitter.com/echxv0Aav0](https://pic.twitter.com/echxv0Aav0)
