MAHINDRA &MAHINDRA, 2h, NSE O1047.20 H1049.90 L1045.95 C1047.00 -0.20 (-0.02%)

A weekly range breakout has happened above 990 to test 1047 in this week
But this zone is full of PRZ from 1065 to 1085 - so a pull back can be expected !!
Best price to enter is around 960/970 on a retest of the breakout region.
The possible upside targets are 1090/1143/1161 !!
