Setting the record straight for the dishonest media, far left actors and the grifting right, please feel free to share this post on their fake news threads:

1. This is NOT Nick Fuentes. Nick was not inside the Capitol building nor Nancy Pelosi’s office

2. Nick was wearing a suit the entire time.

3. Nick has never called for the killing of any state legislators during his show.

These are all mass lies and disinformation being put out there to slander his good name, get him deplatformed and perhaps try to get LEO’s to visit

We take all misinformation and slander very seriously. It’s one thing for a casual troll but it’s another when you threatened the ability of one to earn a living and to incriminate an innocent man. It’s disgusting and everyone involved should be ashamed.

We are looking to means to hold these actors accountable for their slanderous, and dangerous actions.
