Hindustan copper - Updated today's chart!!

A simple and clean chart, international prices are soaring, mines are limited, demand is growing!!

can it sustain the rise and continue to stay outside of the trendline, watch out!!

Hindustan copper - Another clean and simple chart!!

Whenever international prices shot up commodity stocks start soaring, previously it went up from 73 to 165!!

Now can it give move to 200/230+!!
