This is all the orders from the options feed, the entire ocean of options. You can view each order that happened in history, and make your own judgement of what is happening. This page live updates for large whales greater than 200k premium. However, you can search for any history for any whale of any size. This gives you a periscope in the ocean. You yourself become the hunter. Use this tool to see what is happening in the options world, from the P/C skews, total premiums, bullish/bearish flows, and more.
