3 great books on trading stocks.

(@stockifi_Invest)

https://t.co/nQVbmKSRK8

Reading the following 3 books completely changed the way I look at stocks:

1) The Most Important Thing (Howard Marks)
2) Common Stocks Uncommon Profits (Phil Fisher)
3) One up on Wall Street (Peter Lynch)

Which are your top/favorite books?

Thread: Risk hai toh ishq hai ?

1) A lot of people talking about today\u2019s freak trade in 37100 PE in BNF

We as traders are always exposed to various types of risk and it\u2019s a part of our business.

Let me highlight certain risk faced in past years & also ways to manage it pic.twitter.com/EMAhqyADQx
