In the days after Ravi Zacharias died, I started collecting screenshots of those praising his life and ministry. It consumed hours of my time. I knew that the time of this great reveal on his corruption and abuse was coming. I wanted to make sure that the receipts were there.

I tried to give them away to a couple other people, but it wasn't the time. I'm going to try to make a long thread of them since those who supported RZ should be held accountable and not just quietly get to delete their supportive tweets without acknowledging the abuse of RZ.

I don't relish this task, because the harm that RZ caused and the shielding he received from people in high places of the Evangelical world chills me to the bone. It triggers me to no end. But I'm going to go slowly and add as I have the bandwidth to do so.
