Congratulations to Jacobin for, the day after Lula's defense team filed it's 2nd motion to dismiss due to illegal US involvement in Lava Jato, its timid reference to the US DOJ partnership. This relationship has been public knowledge for over 5 years but better late than never.

When William Barr, from the US DOJ, responded to the 13 democrat's congressional inquiry into US involvement in in Lava Jato last year, he responded that they have been posting information about this partnership on their website since 2016 and linked this. https://t.co/eieXZ9VGj4
