Unusual turnout in Democrat-controlled areas where we have also uncovered serious allegations of fraud

President Trump performed about the same in these counties as in 2016

Yet Joe Biden's totals surged where the counting was paused and Democrats were way behind

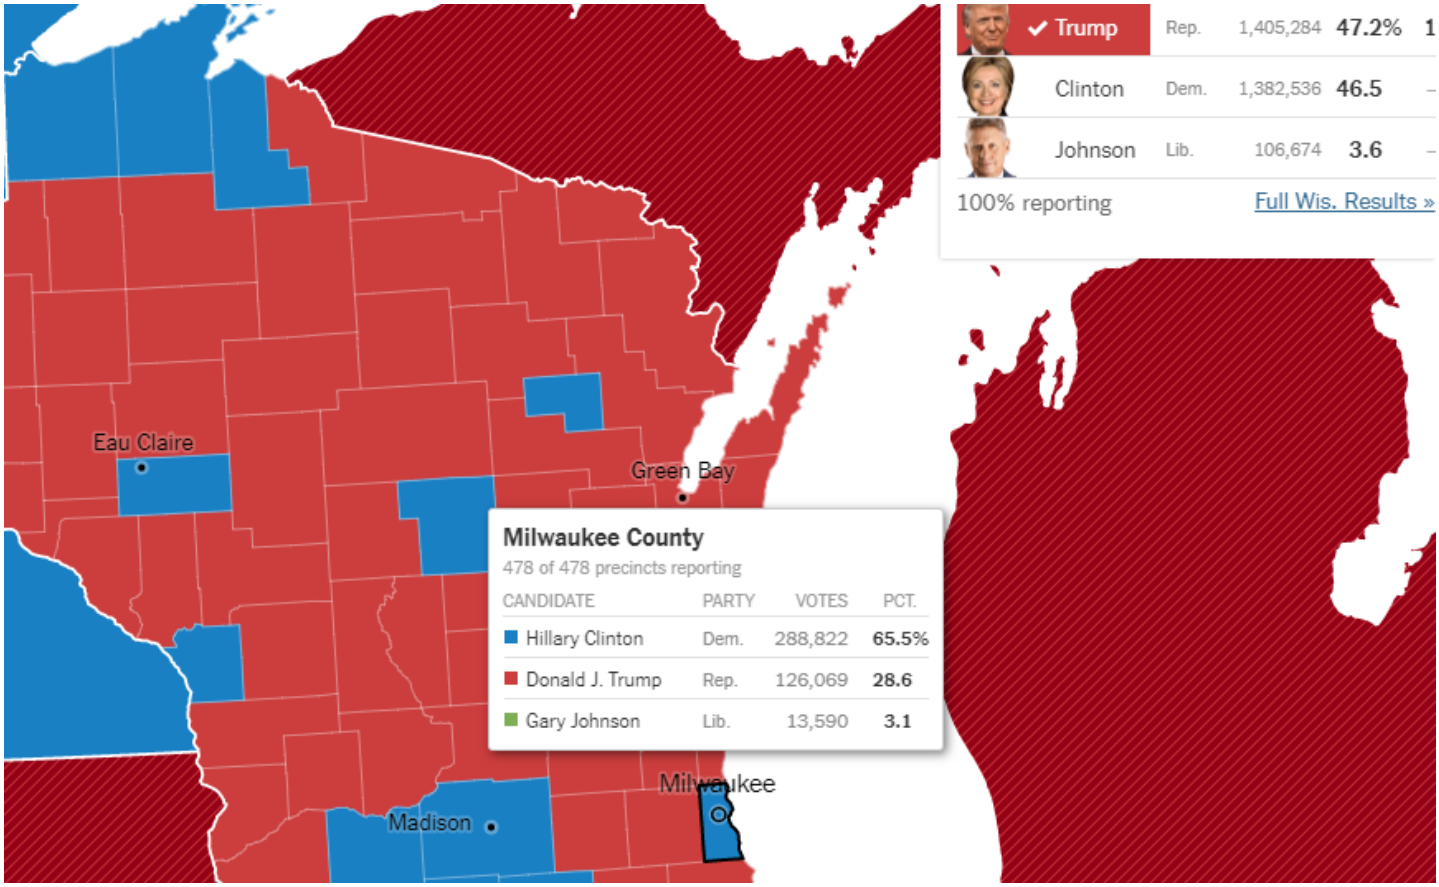

Milwaukee County, WI

2016:
H - 288,822 (65%)
T - 126,069 (28%)

2020:

T - 165,455 (42%)

That's a 38% increase of ballots for Biden over Hillary

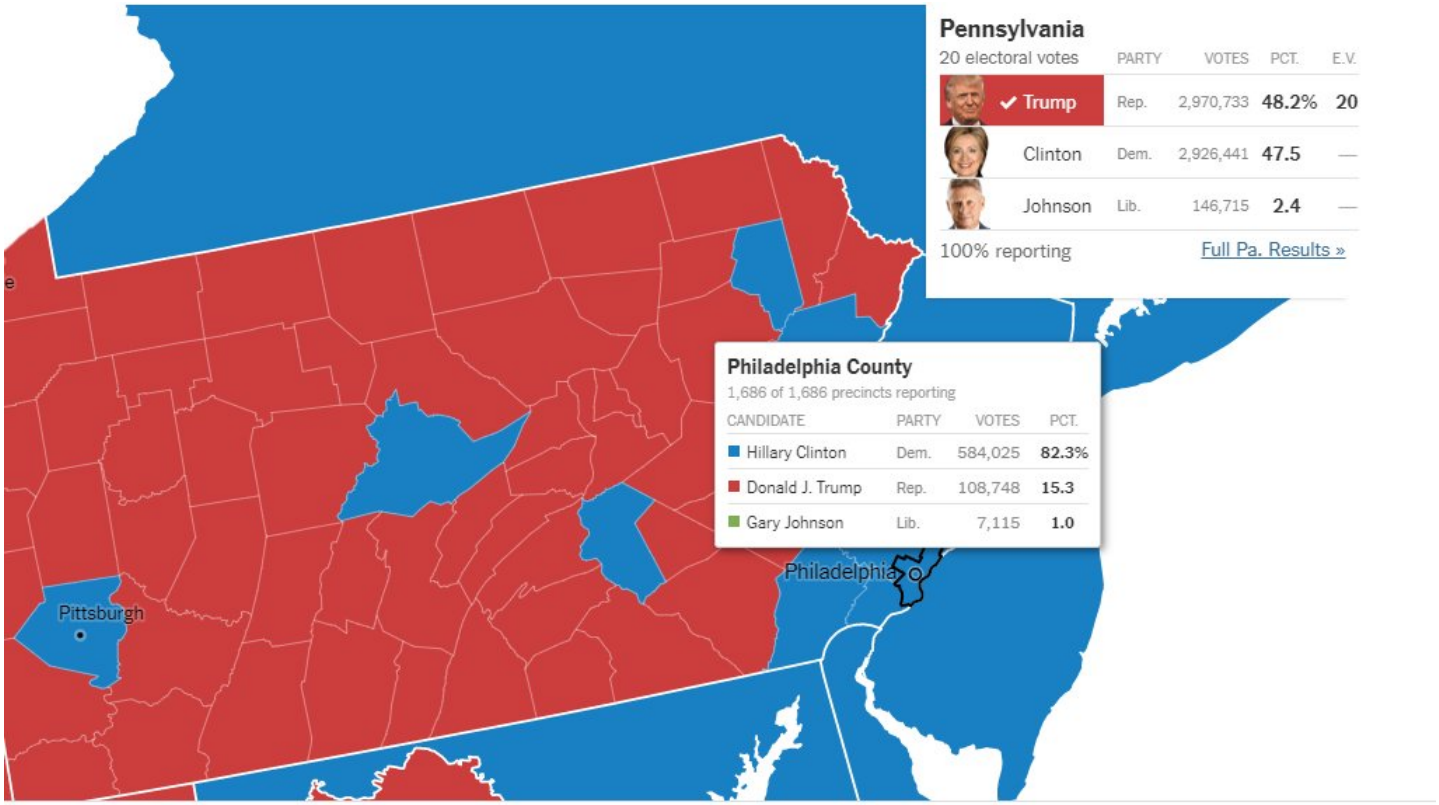

61,718 more ballots

In Philadelphia County Biden (so far) has a slight decrease of 2.3% ballots from 2016

Anomalies occurred in surrounding Chester (26.3%), Montgomery (22.4%), Bucks (19.5%), and Allegheny (13.1%) counties

Biden did not get this type of surge in ballots in other liberal areas

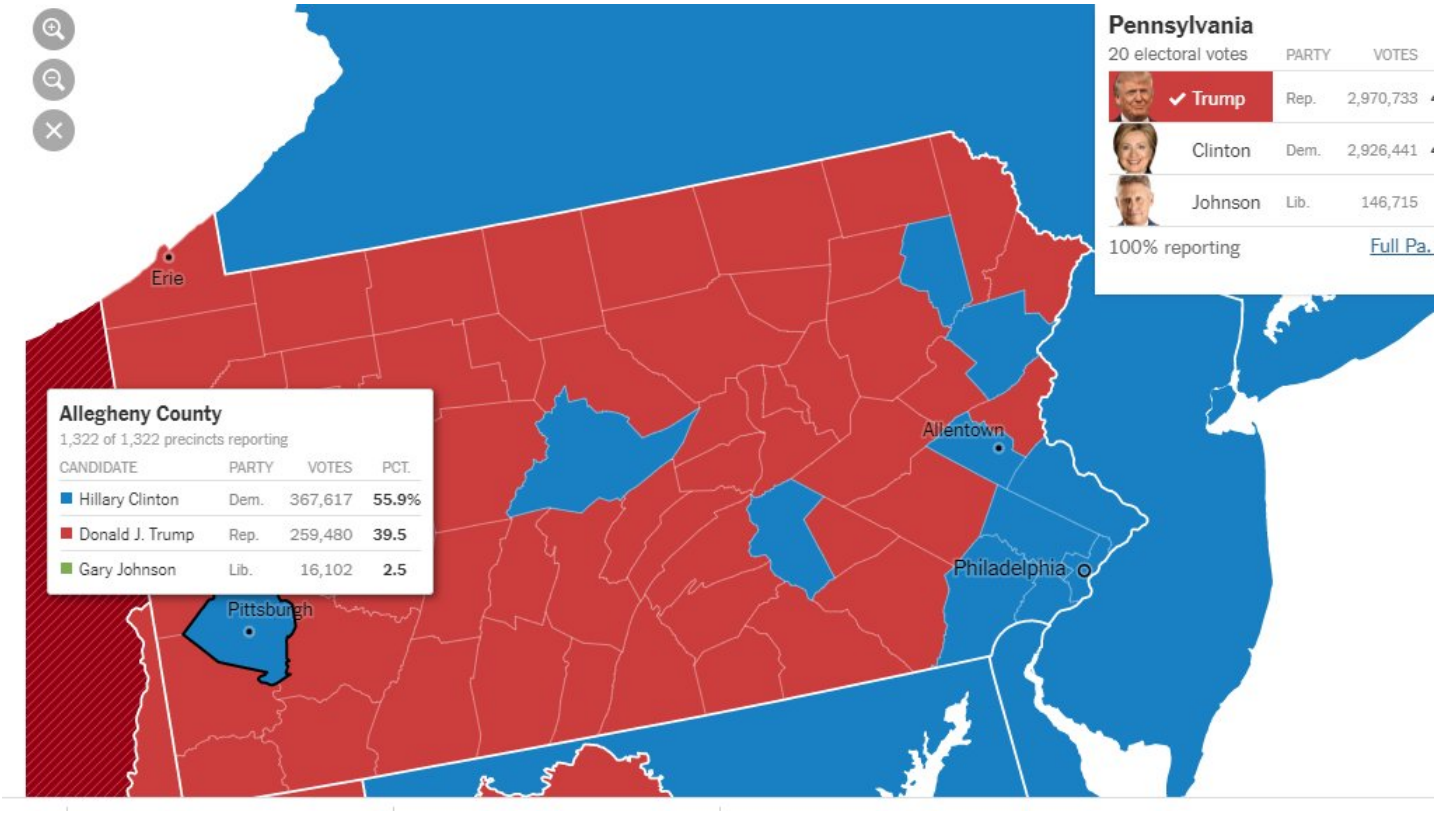

Allegheny Co stopped counting election night, has documented evidence of mail-in ballots requested & cast for dead voter

2016:
H - 367,617 (55%)
T - 259,480 (39%)

Poll watchers blocked in Pittsburgh, Allegheny Co.

“During that period of time, at least 135,000 ballots were counted, none of which were watched by any Republican observer, as the law requires."

These surges did not happen for Biden in other Dem strongholds -- outside of swing states where they didn't stop the count on Election night

Cook County

2016:
H - 1,611,946 (73%)
T - 453,287 (20%)

2020:

Suffolk County

2016:
H - 245,751 (78%)
T - 50,421 (16%)

2020:
B - 252,661 (80%)
T - 55,699 (17%)

No irregularity: Biden gained 6,910 votes, statistically insignificant 2.8% change

Democrats didn't flip 1 state legislature
GOP held state legislatures in TX, NC, IA, PA and MI, and flipped NH
GOP picked up at least 8 House seats

So how does it make sense only Biden benefited from an utter catastrophe for Democrats?

It doesn't.
