@sandrasimmons

I tolerated Obama for 8 years & kept quiet.
Here's my issue with the “let us all be a UNITED States again” that we heard from the crime family syndicate of @JoeBiden. For the last 4+ years, you Dems have gone scorched earth; you salted the fields and now you want to grow crops.

The problem for you Democrats is that 72+ million of us have memories longer than a hamster.

We remember the women’s march (vagina hats and all) the day after inauguration.

We remember the 4 years of attacks and impeachments.

We remember “not our president” & the “Resistance"

We remember Maxie Walters telling followers to harass us in restaurants.

We remember the President's spokesperson being kicked out of a restaurant.

We remember hundreds of Trump supporters physically attacked.

We remember Trump supporters getting Doxed, and fired from jobs.

We remember riots, and looting.

We remember “a comedian” holding up the President’s severed head.

We remember a play in Central park paid for with public funding, showing the killing of President Trump.

We remember Robert de Niro yelling “F" Trump” at the Tony’s and getting a standing ovation.

We remember Nancy Pelosi tearing up the State of the Union Address.

We remember the total "in the tank" move to the left towards Socialism of the mainstream media and social media.

We remember the non-stop and live fact checking on our President and his supporters.

We remember non-stop in your face lies and open cover-ups from the media.

We remember the President and his staff being spied on.

We remember five Senators shot on a baseball field.

We remember every so-called comedy show turn into nothing but Trump hate fest.

We remember 95% negative coverage in the news.

We remember the state governors asking @realDonaldTrump for help, and getting everything they ask for, and then blaming Trump for their problems.

We remember a Trump top aid verbally assaulted in two DC restaurants.

We remember people banging on the Supreme Court doors.

We remember that Hollywood said they would leave after Trump was elected, and because we love America we were happy they would be gone...but they stayed.

We remember that we were called every name in the book for supporting President Trump. I could go on, but you get the idea.

My friends will be my friends, but a party that has been on the attack for 4+ years doesn't get a free pass with me! There will be no “unity” in my house.
