January 20, 2017, As The Incoming Duly Elected President Gently Rests His Hand On The Bible And Is Sworn In, The Outgoing President With The Keen Assistance Of Jarrett, Two Former Presidents, CIA, FBI, DOJ, MSM, And The 'Eyes Intelligence Alliance', Conspire To Take Him Down.

How Did Jarrett, Barry, Hillary, Brennan, Clapper, Comey, And Their Seditious Conspirators Use Tradecraft To Set Up The Entire Spying / Takedown Operation Of First Donald J. Trump, Then President Elect Donald J. Trump, And Ultimately The 45th U.S. President Donald J. Trump?

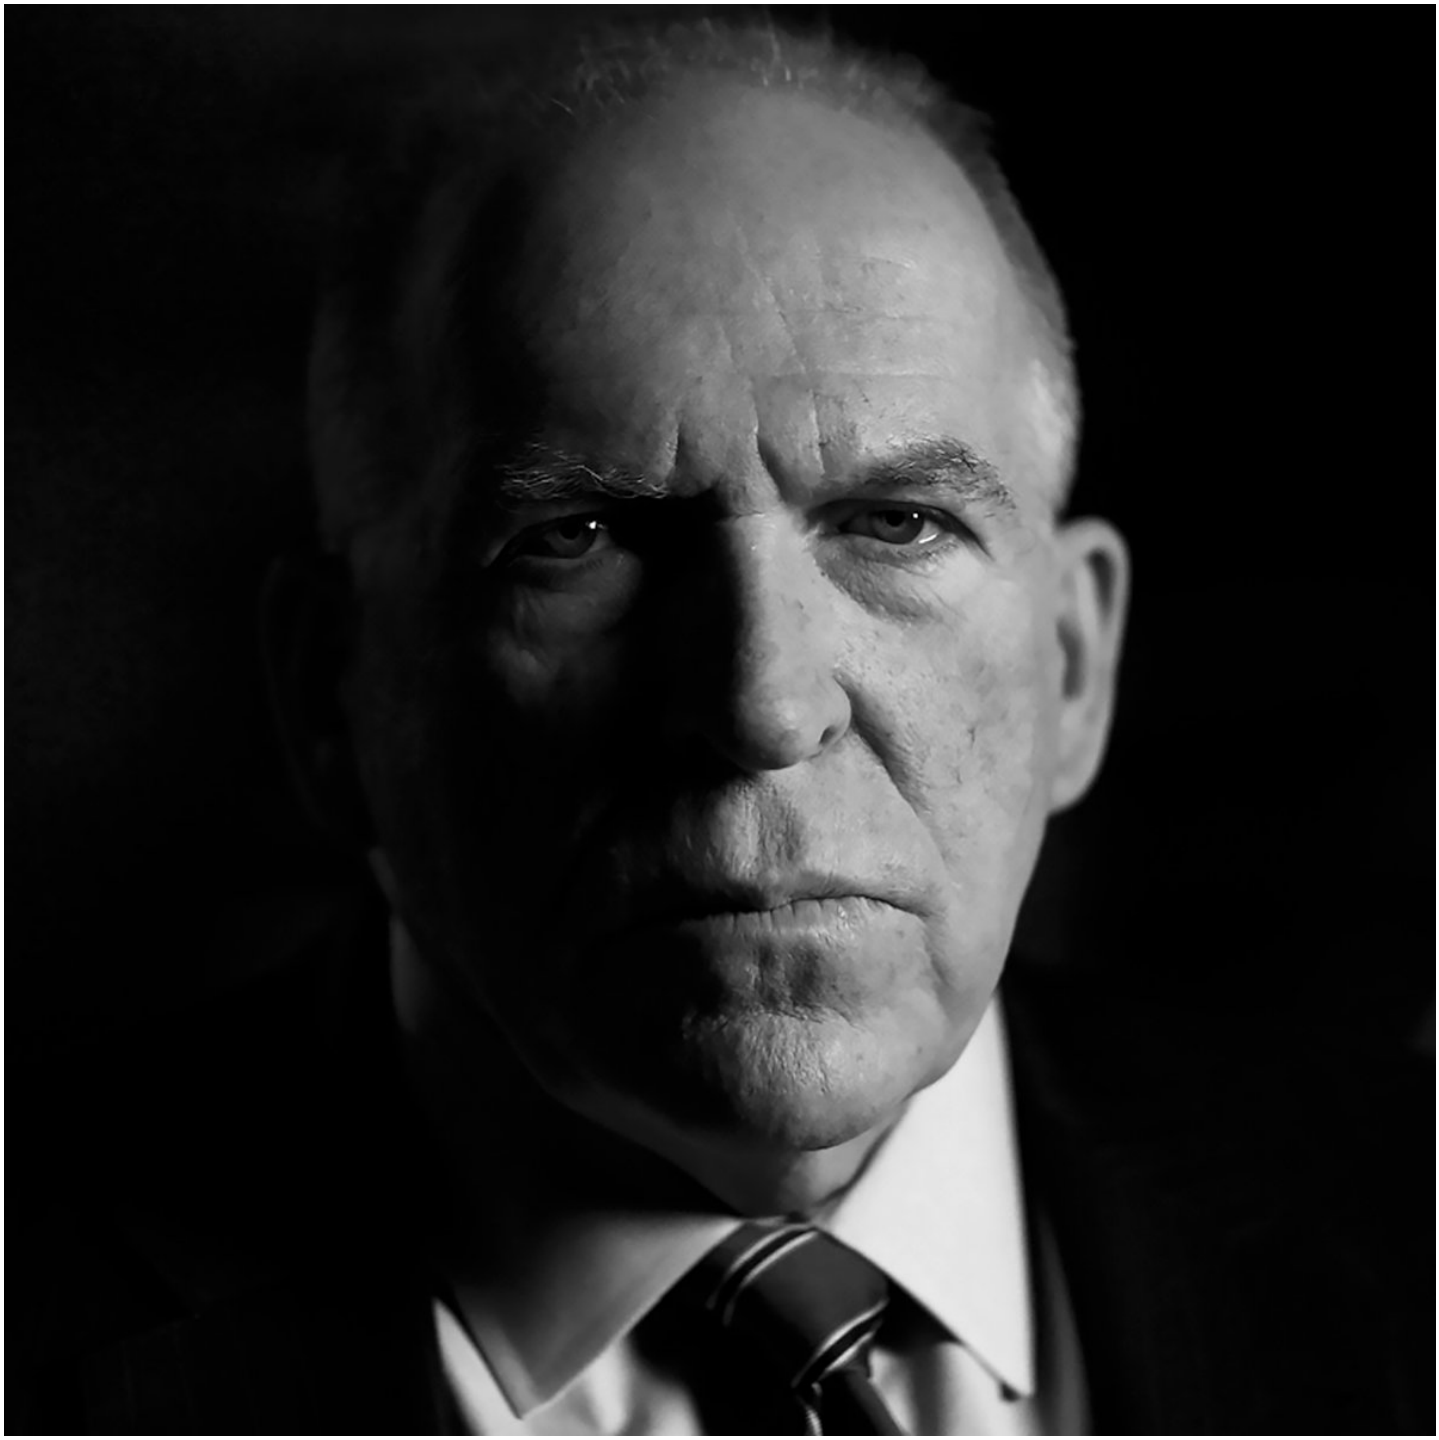

First Off, There Is No Question That John Brennan Oversaw The Entire Operation From Start And Up Until Me Writing This Thread, And Probably Still Updates Valerie And Barry On A Daily Basis.

John Brennan Is Leading The Charge, With No Intention Of Stopping. He Is On A Dangerous And Destructive Mission, Not Intended To Benefit The American People.

After Dr. Brzezinski, I'd Say John Brennan Is One Of The Most Dangerous Men In American History.

In 1981, Dr. Brzezinski Was In Pakistan / Afghanistan Arming The Mujahideen With $500 Million From The Carter Administration. At That Particular Time Pakistan Was The Base Of Operations Against The Russians, In Support Of The Mujahideen.

Would You Believe It If I Told You That John Brennan Was In Pakistan / Afghanistan At That Exact Same Time, And On Clown Duty?

5 Eyes, 9 Eyes And 14 Eyes Alliance Explained

Updated On November 22, 2019 - by Bilal Muqeet

There are many crucial factors that decide the fate of cyber security and online privacy. There are different attack vectors that threaten your security, those include malware, phishing, etc. Apart from that, there are many higher threats.

You might have seen the terms “5 Eyes”, “9 Eyes”, and “14 Eyes” a lot during your research to improve security on your end.

These intelligence alliances formed between different countries around the world. Their main goal is to gather mass information and share mass surveillance data while working collectively.

You’ll be learning about the five Eyes, Nine Eyes, and 14 Eyes alliances from scratch. Which will include everything right from what they are, what data they collect to how to protect yourself from such atrocities.

‘The Five Eyes Intelligence Alliance.’

NSA, CSEC, GCHQ, GCSB & ASD

Five Eyes Intelligence Alliance

The Five Eyes intelligence alliance (FVEY) includes the following countries:

- Canada
- United States
- New Zealand
- United Kingdom
- Australia

If we're talking about the history of this alliance, it will take us a while. The alliance has roots taking it back to WWII and the UKUSA Agreement. The agreement was officially enacted in 1946 and it stated that the two countries in the agreement will gather and share intelligence with each other.

This was further confirmed by Edward Snowden. He disclosed information that showed collaboration between the United States, the United Kingdom, and other allied countries.

These Are The Agencies From The Aforementioned Countries Involved In Sharing Data And Spying On Its Citizens, And They Are Notorious For Passing Laws That Take Away The Fundamental Right To Privacy.

Previously Passed Bills And Systems In Place...

Here are the agencies from the aforementioned countries involved in sharing data and spying on people:

These countries are also notorious for passing laws that take away the fundamental right to privacy. Here are some of their previously passed bills and systems in place:

- **United Kingdom**: After the Investigatory Powers Act of 2016 was made legal. ISPs and telecommunication companies have been keeping records of browsing history, connection times, and text messages. The data collected is stored for a time period of 2 years and is available to UK's government agencies without any warrants.
- **United States**: It's no lie that the US government agencies are involved in many different surveillance programs. One of them being, NSA's PRISM Program. However, in March 2017, ISPs were given the legal privilege to record user activity and sell the data to third parties.
- **Australia**: Similar to the United Kingdom, Australia has implemented data retention laws to facilitate government agencies and spy on their citizens.

'The Nine Eyes Intelligence Alliance.'

The 5 Eyes Countries + France, Denmark, Norway, And Netherlands.

Nine Eyes Intelligence Alliance

The 9 eye intelligence alliance includes the following countries:

- 5 Eyes Countries +
- France
- Denmark
- Norway
- Netherlands

Nine Eye Intelligence Alliance has been referenced to and spoken about countlessly. If we check about the whole global scale of the operation these agencies complete. They're practically spying over a mass population which is why it is so dangerous.

'The Fourteen Eyes Intelligence Alliance.'

The 9 Eyes Countries + Belgium, Italy, Sweden, Spain, And Germany.

Fourteen Eyes Intelligence Alliance

The 14 eye intelligence alliance includes the following countries:

- 9 Eyes Countries +
- Belgium
- Italy
- Sweden
- Spain
- Germany

The agenda is still the same with the addition of these new countries. Gather intelligence and share them in collaboration with the other government agencies throughout the world. The official name for this group is referred to as SIGINT Seniors Europe (SSEUR).

What Techniques Do These Intelligence Alliances Use?

What techniques do these intelligence alliances use?

There are different mechanics and ways through which these intelligence agencies gather information over a large scale. Though that raw data is useless unless it is analyzed to bring out the actionable intel.

We won't be going into detail on how these attack vectors work and whatnot since it is not relevant to our agenda here. Without further ado, let's see how do they gather intelligence.

- **Signal Intelligence (SIGINT):** Signal Intelligence is referred to as the information gathered by intercepting signals from different devices.
- **Geospatial Intelligence (GEOINT):** Geospatial Intelligence is referred to as the information gathered by the analysis of images and data linked to a particular location.
- **Human Intelligence (HUMINT):** It is the process of gathering information through the use of a human resource, mostly spies.

In no way, these are the complete techniques used in deriving intelligence over a mass population. However, these are enough reasons to convince you that agencies are indeed spying on the population. It's not going anywhere unless you take a stand against it.

“Normally, intelligence passed on from a member of the “Five Eyes” alliance — Australia, Canada, New Zealand, the U.K., and the U.S. — to another member comes through an official channel for intelligence sharing.
However, Nunes, upon reviewing the document that formally launched the FBI’s investigation, said there was no intelligence shared through that official channel, meaning that the intelligence was shared through unofficial means.”

Barry Soetoro's Handler Is Without A Shadow Of A Doubt, In My Humble Opinion, Valerie Jarrett. The Question Is Who Handles Valerie Jarrett?

Whoever Handles Valerie Jarrett Is The Real 'Power' Behind Barry And His Attempted Sellout, Destruction And Demise Of America, And The Active Coup Against The 45th U.S. President Donald J. Trump.

Did you know that the United States, Canada, Britain, Australia, and New Zealand participate together in an electronic eavesdropping cooperative called "The Five Eyes Alliance"? Or that Britain "has secretly gained access to the network of cables which carry the world's phone calls and internet traffic and has started to process vast streams of sensitive personal information which it is sharing with its American partner, the National Security Agency"? That's big news, right!
