"Who are these “old friends” of China’s “who are at the top of America’s core inner circle of power" https://t.co/Fh3XTUk7hu We'll who might be in control? I know at leas one family that flies under the radar... Pinned tweet about it. Trump knows - buy Ericsson? Ring a bell?

Or at Parler https://t.co/aEfKd7LHH0 Layers upon layers of old power structures and you could argue that the ones who control Nasdaq is important. They are in control? One and the same company again and again.
