Decided to check out what was happening on parler regarding SCOTUS, their website is a horrific design mess, but it is interesting...

Searching the Parlor gutter for SCOTUS gold #2

This website makes me appreciate the beauty of Twitter, it's a hobgoblin of bad design that you have zero search options for!

..incredibly disappointed in #SCOTUS - deciding they won't even HEAR what Texas and almost 20 other states have to say about #electionfraud - this isn't over. Patriots will rise up all over this great nation.

Mining the river for golden Parler SCOTUS takes #4

Apparently this theory of SCOTUS leaving the door open is quite popular (its entirely nonsense).

SCOTUS UPDATE: 'States Must File Individually!' Texas was denied on standing alone. SCOTUS held essentially that States MUST File For Themselves & That has JUST BEGUN with Pennsylvania moving to do so! Please Follow & Stay Tuned. This is a rollercoaster! Want to take action? Implore your State GOP and legislatures to act! SCOTUS will likely now elevate lower court cases to be heard as has been indicated! Frittering away my time in the tears of the right wing by finding Parler SCOTUS takes #5

Milo is talking dirty to me, and I love it!

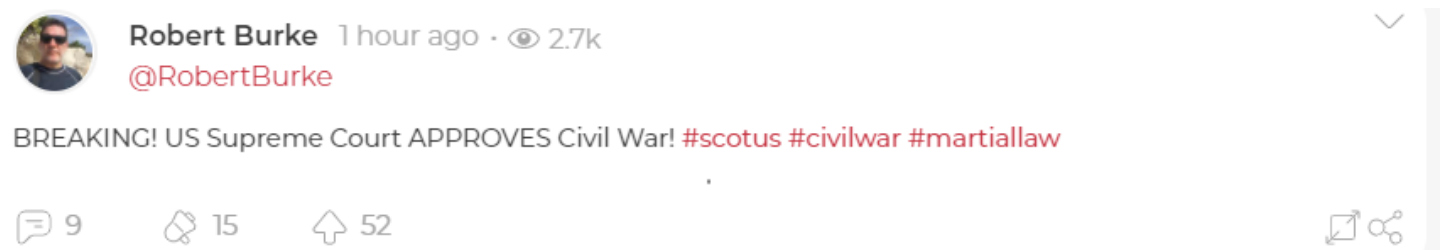

Lots of talk of the military and civil war (I dont think they realize that if they try the later, the former will crush them)

Well, they do have an astrologer on their side, and an eclipse is coming, I'm more worried about that than their lawsuits TBH.

I think I've hit the insurrection part of the evening

Definingly more insurrection talk, lots of Jesusland talk...

Maybe pictures drawn in sharpies would've been the way to go...

Apparently our United States [#scotus](#) is as irrelevant and as essential as the public education system.

Sipping the tears of patriots on Parler to find SCOTUS takes #9

Also, lots of talk about how the constitution is null and void. And here I was thinking the Democrats were the ones that were going to kill it!

Love the "did they swear on a dictionary" line!

[#scotus](#) followed the constitution. The document never envisioned corruption at this level. The framers assumed that by now, the citizens would have risen up to re-establish the system. So, be of good cheer. The citizens are still here, and patriots will do the right thing.

I think I need a glass of wine now.

Or maybe champagne?

What does it even matter if the left packs the court at this point? It's already packed with corrupt traitors. Thomas and Alito are two of the last real conservative justices left in this country. We are not going to be able to litigate our way out of this, folks. Buckle up. #SCOTUS #TexasLawsuit
