When you see something like this we need to investigate a little and join the dots. https://t.co/GIsIzIct4B

This guy always pops up somewhere along the way, so what is the true agenda here? Who are the players?

On to the virus issue, let's remember The Pirbright Institue is involved, a crown company, Lord Pirbright was a Rothschild.

When you research into this, and join all the dots, you can clearly see the people behind what we see happening, and I'm sorry to say it, but it all leads back to the crown and The City of London corporation, they control the CCP.
An essential watch!■
