Think about the Dec 21, 2017 Executive Order signed by @potus

Blocked property of persons involved in serious human rights abuse or corruption

One month Before @potus signed this EO Saudi King had Prince Alwaleed bin Talal (aka Prince Dopey) arrested. He was told he had to

Exchange his billions for his freedom but he had a small problem. The US Gov froze his assets ($6 billion) and he remained A prisoner. He was interrogated (maybe a little more than interrogation but who cares he's a monster) and some believe Black Water was involved in the

interrogation. This occurred around 11/4/17. As a result of the interrogation he squealed like the pig he is and gave up valuable intel on Soros, the Clintons, the deep state and creeps like Adam Schiff.

Notice Q's drops after Dopey was arrested. January 27 2018 Q mentions

Time to play - Black Forest

Immediately the deep state knew Prince dopey must have blabbed his mouth about the horrific games the Rothschilds, "royalty", Schiff, Clintons, Hussein like to play in the Black Forest in Austria with children. Look it up if ur not familiar

Q points out a week or so later that The mere mention of Black Forest by Q resulted in the Rothschilds dumping their Black Forest estate in a fire sale

Why? Because of @potus Dec 2017 EO. They knew If @potus could get the King of SA to arrest and interrogate and divest his

own nephew of $6 billion for his crimes against the US, children and his buying off US pols, then @potus was coming after the Roths estate in the Black Forest where they engaged in horrific crimes against children.

Dopey was freed after he spilled the goods on the Roths

and Soros.

Soros freaked out and transferred billions of his personal wealth into his nonprofits while Roths sold off their Black Forest estate. After seeing what @potus did to Dopey they thought they were next.

They tried to warn @potus to stay away by causing the stock

To tank by 666 points right around the time Q was posting Q post 666. They tried to send a message to @potus that they control the word economy

@potus obtained the goods on the deep state when Dopey's servers were captured and he was interrogated.

What's my point?

@potus could have done to Soros, Roths, Clintons and Hussein what he did to Dopey in late 2017 and early 2018 under that December 2017 EO. He didn't.

Why? Because he knew the time was not yet right. He knew the public was not yet awake to the crimes of the deep state. He knew the stage was not yet set. Think of all that has happened since that date.

Fast forward to today. The stage is now set for @potus to execute under that

EO against the deep state. Patriots are in control. Nothing can stop what is about to happen.
