In b/w 1998 - 2003, Congress and Liberals adopted strategy to defeat Late Atal Bihari Vajpayee (NDA). The key points were:-

• Intolerance
• Fascism
• Islamophobia
• Kargil Coffin Scam
• Orthodox Thinking Process
• Saree Culture
• Dalit Slaughter
• Cow Safety

• Jai Shree Ram (Communal Slogan)

This was how Sonia Gandhi and liberals, with the help of International Media, organisations and other NGOs misleaded India and defeated NDA in 2004 general elections.

They tried the same strategy in 2014 & 2019 but got fail. I

In 2019, Rafael Scam was the core agenda of Congress and they gave a slogan "Chaukidaar Chor hai".

For 2024, General Elections Congress has apoted a new strategy based on 2011. In 2011, Anti - Corruption Protest had shaken the roots of Congress in India. Again, the hike in

Petrol Price shocked Congress and NDA called for "Bharat Bandh". It was the rise of Mr. @narendramodi jee as National Leader. From that day, NDA never looked back.

Now Congress is adopting the same policy. Firstly in 2019, they saw a ray of hope of protest in CAA and

there was a pan India protest along with #shaheenbagh for 3 months and leads to #DelhiRiots2020. In 2020, the same is repeated as #FarmerProtests.

Till 2024 General Elections, You will observe such protests as common weapon of @INCIndia #Liberals #AntiNationals and #Jihadis.

Any Abdul or Arman can't justify that CAA had neither taken anyone's citizenship nor kicked anyone out of the nation. Even several illegal migrants got citizenship because of CAA. But illiterate Abdul is always ready to protest against Modi.

Same with #FarmerBill2020,

The bill is beneficiary for farmers in India. It provides a large market, better payment and even payment gurantee in 3 days. Corporate Farming is applied in India from 2007 in some states. But now, Farmers are misguided that their lands will be taken away from them.

Congress is trying their best to mislead India on every ACT or BILL as they want to defeat Modi. They want chair and power. We, Indians have to decide that which Government is good for us. One who is dilevering everything from their Manifesto or the other who had looted us.

This is how a negative image and enviornment was built by paid journalists and boot lickers of @INCIndia against Late Atal Bihari Vajpayee to win 2004 General Elections.
