A baker's dozen of simps in the US Senate will absolutely not change the the hard truth Joe Biden will be President on January 20th, 2021.

And Deadbeat Dan in Texas owes Pennsylvania $3M in handsome reward for reporting voter fraud.

Every tweet in this thread are cold hard facts. You cannot dispute the veracity any of them.

No one even tries.

Cheesy, overwrought performance art is all they got left; but a deeper truth is, that's all they ever had.

Pennsylvania's election was fair, free, and true. Joe Biden won. Joe Biden will be inaugurated on January 20th, 2021.
