1)
One year ago today, the U.S. military took out #Iran's IRGC Quds Force chief Qassem Soleimani, the world's No. 1 terrorist.

Don't listen to MSM. He was a ruthless killer loathed by people in Iran & across the Mid-East.

Please watch to the

Iraqis dancing in the streets following news that Soleimani is no more.

3)
Poster of #Iran's terrorist-in-chief Qassem Soleimani being torn down in Gaza just recently.

4)
A family in #Iran danced in their home after hearing about the “terrorist Soleimani's” death while chanting “Death to the Dictator,” in reference to @Khamenei_ir.

5)
Persian notes from inside Iran:
"We had a really joyous day after a very long time"
"Thank you, dear Trump"
"Long live Trump"
"Hats off to you, President Trump - From the people of Iran"

Not on MSM

Locals in northern #Syria marking the anniversary of Soleimani being killed by the U.S. military.

Soleimani led #Iran-backed militias in murdering, wounding and/or displacing millions of people. They also killed hundreds of U.S. soldiers.

7)
Arguably the most horrific crime committed by #Iran's regime & Qassem Soleimani outside of Iran was witnessed in #Syria. Soleimani led militias into massacring the Syrian people.

8)
#Iran's embassy in Turkey was forced to cut short an online event in memory of Qassem #Soleimani when participants began shouting: “Iran The Murderer!”

Hatred of the mullahs' regime & Soliemani knows no borders.

9)
And we all remember how #Iran’s dictator Khamenei wept at a ceremony for Soleimani, knowing his regime had suffered a strategic setback.

10)
And you know who else was devastated?

"Mr. Trump killed my brother Qassem Soleimani."

Soleimani's #Iran-backed militias killed, wounded and/or displaced millions of people across the region.

They also killed hundreds of U.S. soldiers.

11)
More proof of people in #Iran detesting Soleimani

An Iranian musician celebrating the first anniversary of Soleimani's death by performing the "Coffin Dance" with five different instruments.

12)
And finally, for a good laugh!

This from a famous Iranian comedian ridiculing the mullahs' regime in #Iran following the killing of Soleimani.

More proof of MSM lying in their disgusting praise of this mass murderer.
