@boriquagato

"much of the social history of the western world over the past three decades has involved replacing what worked with what sounded good"

-thomas sowell

"hold my beer and watch this"

-andrew cuomo

though i suppose none of us should be surprised.

we live in a time when epidemiologists said that mass protests during a pandemic were OK so long as they were for "social justice"

massively delaying vaccine rollouts for the same reason seems like the next obvious policy.

how about this?

"anyone who needs to go protest racism, sexism, the patriarchy, or the police gets vaccine priority"

i hope i am joking.

i fear i may not be.
