1 (Thread) Reminders of what the democrats said before the election to create what is happening today.

Trump is a dictator lol my a$$ ■

Although we will end up with one

2/ Manufacturing a dictator: The media started in 2016 setting up the Nazi narrative https://t.co/A4RqjXFSJW

3/ Tila Tequila small group of people gained international attention because of this ridiculous media creation.

I am a marketer. There's no way I could get international media to pay attention to a small insignificant group of people without an agenda

https://t.co/r9yJbwEdMp

4/ Then we have Russian interference and Facebook's help in stealing the election https://t.co/zXQpIYyajk

5/ Which went on and on and on https://t.co/02j1JQq6ib

6/ Meanwhile the media goes on to spin Charlottesville and to misrepresent what Trump said in the aftermath to continue the Nazi narrative.

They have been working on this for YEARS https://t.co/mrOlZa8mhx

7/ Twisting words - through publications and fact checkers owned by oligarchs. Thanks Laurene Jobs https://t.co/9DDKseAbl4

8/ Groups like the SPLC stir fear of the neo nazi future of America. But the thing is that's not what is happening. Sorry to disappoint.

https://t.co/3rF7NtDAgf

9/ The thing is Trump is right about the "fake" media. It is. This is the reality of the Atlantic https://t.co/bTUYWn3y33

> I would like to know where this information comes from.
>
> From what I have seen @realDonaldTrump if NOTHING else loves the US.
>
> The @TheAtlantic on the other hand used to be a great publication. Now it's a rag (and has been).

10/ and this is the reality of the SPLC

11/ and this is the reality of fact checking https://t.co/SGykC7cVl1

> (Thread) PolitiFact. So let's take a look at this "venerable" fact checking site to see what we can find.

12/ .....of course the same nazi story is supported by China lol

https://t.co/C4hQmvr7Hk

13/ From NY to SF the media peddles lies 24/7 about Trump and people don't bother to take the time out to read the transcripts or review the sources

They just believe the rhetoric blindly. This happened from 2016 - 2020

https://t.co/mEmhiyojLn

14/ for years politicians and Hollywood stars have called for violence again Trump and his supporters

This is a fact https://t.co/qVVXz2hnfa

> 1/ For years and years Hollywood stars/politicians have been calling for violence against Trump supporters and Trump himself....that culminated in a summer of arson, looting & brutality.
>
> Now without proof, the same people insinuate a boom comment connects Giuliani to terrorism? https://t.co/pVdydJaXJ0

15/ The undermining of conservatives and trump has its roots in Media Matters & David Brock

....and people choose to ignore this

https://t.co/Id9ae9oqvW

> 16/ In 2004, David Brock, a democratic party operative, received $2 million to launch Media Matters which is a tax exempt 501(c)(3) organization targeting media "bias".

16/ Since the summer Pelosi and friends have been creating the story that they would fumigate or drag trump out of office.....because they knew they would cheat and this would create doubt

https://t.co/ikLihhDWQK

19/ Pulling him out by his hair most recently https://t.co/YNcvQF77BE

20/ all of this after their failed attempts at impeachment https://t.co/LeKGKzIu6d

21/ I can find 100's of stories discussing peoples "concerns" that Trump won't leave voluntarily

https://t.co/hOoe4oeVL7

22/ It was a clear and coordinated attempt by the media and social media to cast doubt on Trump's integrity and to create fear that there's a coup.

The only coup that is happening is by the democrats. But we have seen this throughout

https://t.co/KQwLb5aoBp

23/ Every single bit of violence this year has been created by the democrats. Looting & burning cities - threatening people - leaving more than 30 dead in its wake.

https://t.co/jYmiREiIiO

24/ Social media joined in to promote the fear mongering - and try to take a roll in the election despite never being elected to anything ever.

https://t.co/CvDZDwjSM7

25/ But we know why. Zuckerberg has his own interests that involve China and US relations AND he plowed millions into the actual election process

https://t.co/vSVIKScl6a

26/ In fact our oligarchs are very interested in elections and lobbying look at Pierre Omidyar https://t.co/md2mv6PT2b

> 17/ In 2018, Sunlight Foundation ran projects focussing the Trump Admin and included a project called \u201cTracking the Trump Administration\u2019s Record on Transparency,\u201d which is now called the Web Integrity Projecthttps://t.co/sBekhcoJlw

27/ Omidyar is VERY interested in our elections https://t.co/HZrVGNt4wd

> 23/ The Democracy Fund also created a voter Study Group, "which surveyed 8,000 American voters on their political and social views."

28/ When I say very I mean VERY

Pierre Omidyar seems to have a vested interest (about voting by mail)

https://t.co/Fo53H3vlJI

27/ The Democracy Fund Voice has lobbied on several bills:

* Safeguarding Election Infrastructure Act of 2019
* Vote By Mail Act of 2019
* Universal Right to Vote by Mail Act of 2019
* White House Ethics Transparency Act of 2019
* 2020 Judiciary Appropriations Act

29/ Anyway - add a little Covid and some serious fear mongering - mail in votes on a grand scale - and sprinkle in the Dominion explosion of bull shit and presto you have this:

32/ The reality if we don't fight? Kamala Harris who couldn't even stay in the double digits in her home state will be installed as a representative of the World Economic Forum.
