“You don’t concede when there is theft involved.” - POTUS

"And I hope that Mike is gonna do the right thing. I hope so. I hope so. Because if Mike does the right thing, we win the election. This is from one of the top Constitutional lawyers in the country."

"States want to re-vote. The states got defrauded. They were given false information....all VP Pence has to do is send it back to the states to recertify and we become President and you are the happiest people."

"I just spoke to Mike. That doesn't take courage."

Crowd is chanting "We love Trump."

"Crowd goes all the way past the Washington Monument."

"They say Sir, we'll never let it happen again. But I say, what about 8 weeks ago?"

"We're gonna have somebody in there who should not be there. And our country will be destroyed. We're not going to stand for that."

"The weak Republicans, they're pathetic Republicans. If something like this happened to the Democrats, there'd be hell all over the country."

"You're the people who built this Nation. You're not the people who tore down our Nation."

"They turned a blind eye as Democrats enacted policies that...put America last."

"How do you say I want to get rid of America First? Unbelievable what we have to go through."

"Boom in the morning, these explosions of bulls**t, and all of a sudden it started to happen [Biden won]."

"I hope Mitt [Romney] enjoyed his flight last night" [he was confronted/ridiculed]

"You know what the world says about us now? We don't have free and fair elections. We don't have free [fair?] press....it's become the enemy of the people."

"Republicans are constantly fighting like a boxer with his hands tied behind his back. We want to be so nice, so respectful of everybody, including bad people. We're gonna have to fight much harder."

"Mike Pence will have to come through for us. And if he doesn't, that will be a sad day for our country. Because you're sworn to uphold our Constitution."

"We're gonna walk down, and I'll be with you, to the Capitol, and we're gonna cheer on our brave Congressmen and Congresswomen...you'll never take back our country with weakness. You have to show strength."

"Do the right thing and only count the electors who have been lawfully slated."

"Peacefully and patriotically make your voices heard."

"Our country has been under siege for a long time. Far longer than this four year period."

"We've done things that nobody thought possible. And that's part of the reason why people don't like us."

"If they do the wrong thing, we should never ever forget."

The President is still speaking, but I have to go.
