4. The USA has been promoting this kind of so-called "Anarchy" for decades!

This has nothing to do with Anarchism of course, which is a completely rational philosophical & political movement (despite worthy yet sometimes misguided actions of certain brave acolytes over the years)

5. Why will there never be a coup d'etat in Washington? ... Because there is no American embassy there!

There was no parallel in modern American history, with insurgents acting in the president's name vandalizing Speaker Nancy Pelosi's office, smashing win-
