The Great Takeover Of 2021

They've stolen our election. They're shutting us down in social media. They're attempting to remove our POTUS for a very simple reason. His victory must be erased with prejudice. This is well put below.

> In barely 48 hours the sitting President of the United States of America was erased from the digital world and cut off from the American people. His support networks burned to the ground. His 77 million voters dismissed as dissidents. That should scare all of us to the core.
