## A storm of epic proportions will jolt humanity awake

## A THREAD

What is happening right now in US politics is to create the greatest discomfort for the largest number of people to facilitate the most drastic form of individual change.

https://t.co/jWEy9gkNwb

With the unprecedented events in US politics, many people have never felt more uncertainty.

The goal of this post is to provide you with a higher perspective in an energetic context and give you some tools to weather this storm, maintaining a sense of inner calm and peace.
