For those who say "nothing matters" this is for you.

For those in the news media who says there is no such thing as voter fraud and what we do is nothing more than an attempt to "undermine elections," TAKE A SEAT!

AG Paxton: San Antonio Election Fraudster Arrested for Widespread Vote Harvesting and Fraud

AUSTIN – Texas Attorney General Ken Paxton today announced the arrest of Rachel Rodriguez for election fraud, illegal voting, unlawfully assisting people voting by mail, and unlawfully possessing an official ballot. Each charge constitutes a felony under the Texas Election Code. Rodriguez was exposed in a Project Veritas video last fall while she engaged in vote harvesting leading up to the 2020 election. The Election Fraud Division of the Office of the Attorney General reviewed dozens of hours of unedited, raw footage, which led to this arrest. In an uncharacteristic moment of honesty, Rodriguez acknowledged on video that what she was doing is illegal and that she could go to jail for it. If convicted, Rodriguez could face up to 20 years in prison.
