they should all be perp-walked out of Congress into waiting black vans, while OANN films the same for EVERY major news media outlet and network prime time talking head spewing the very commentary they have alleged against POTUS - A-1

> They didn\u2019t follow due process. They should all resign...
>

the Military, starting with the Joints Chiefs on down are is walking a fine line in watching this take place...some might say they are doing their jobs...I'm not convinced that we have to take the Nation to the precipice because layers need for f'ing evidence.
A-2

These people - and I use the term loosely - are a disgrace to this Nation and the American People.

USDoJ, FBI, CIA, NSA, DNI - ALL KNEW this was happening...

248 Years of the finest Democratic Republic in History.

Now only 7 days...to the waterfall's edge.

A-3

Ever Wonder what Romulus Augustulus felt like in the last days of the Roman Empire?

When the people tolerate BULLSHIT as accepted truth ignoring common sense and FACTS to the contrary, what comes next is not going to be pretty.

A-4

If the military KNOWS what it going on and shipping ARMED National Guardsmen to the front lines in Washington - that means the hire-ups KNOW TOO...that would be collusion, Misprision of Felony, Misprision of Treason...not good traits for Military officers.

A-5

When are you going to WakeTF Up?

You have been FORCED to work at home, not attend church, been convinced the Flu Season is a COVID pandemic, you have accepted FEAR as truth.

Do you really think complaining on f'ing Twitter is accomplishing
A-6

ANYTHING?

Do you think maybe YOU have a part in responsibility to REMOVE THESE ERRANT fiduciaries abusing their positions of power and TRUST, instead of HOPING they pass another allowance using your F'ing Estate TRUST money?

A-7

Ever read Fall of the Roman Empire?

Of course not...no room for that in re-education camps - i.e. schools - cuz it doesn't fit the Libtard narrative or agenda to treat you like CATTLE.

Give them an inch and they WILL TAKE A MILE.

A-8

Some might say that people are like Dorothy in Wizard of Oz...feeling like VICTIMS, being taken advantage of, when indeed, you've always had to power to click your heels to go home and rid the Flying Monkeys in Washington, the governor's office(s), etcetera all.
