As Trump time comes to an end, a disturbing section of the left is thinking about reaching out to the hard right to try and make itself relevant with his angry, bigoted followers... [a short thread]

...Some of the Extremely Online Left in the US has deluded itself into thinking that the far right insurgency is a bluecollar movement (a bit like how both Blue Labour centrists and the Trot/Stalinist left in the UK persuaded itself Brexit is a working class victory)...

(of course, we know now the 6 January rioters were CEOs, lawyers, cops and whitecollar GOP activists https://t.co/vNW2JLzrye HT @FFRAFAction)
