So let's see a show of hands: how many of you even knew Huber was digging into the Clinton Foundation? While he was assisting Horowitz in his digging into the FISC/Steele Dossier/Fusion GPS/Perkins Coie/DNC/Hillary campaign stuff?

I'm sure Huber is coming to DC *only* to discuss Clinton Foundation things with Meadows and his committee.

He for certain, like, won't be huddling with Horowitz or that new guy, Whitaker while he's in town. That would NEVER HAPPEN. [wink wink wink!] ■

I just spent a year and a half telling you they will SHOW YOU what they are REALLY DOING when they are READY.

Not before.

No matter how much whining is done about it.

I'm exhausted but it's worth it.

Now you know why they're f**king TERRIFIED of Whitaker, the closer tapped by Trump to come in late for the hysterical fireworks that will ensue soon.

Look who's suddenly fund raising for his legal defen- er, I mean, ha ha - his reelection campaign!
