15 Deep Philosophy Quotes From "Pythagoras"

| Thread

1. "Do not go to bed until you have gone over the day three times in your mind.

What wrong did I do? What good did I accomplish? What did I forget to do?"

- Pythagoras

2. "The soul of man is divided into three parts, intelligence, reason, and passion.

Intelligence and passion are possessed by other animals, but reason by man alone."

- Pythagoras

3. "The highest goal of music is to connect one's soul to their Divine Nature, not entertainment."

- Pythagoras

4. "Educate the children and it won't be necessary to punish the men."

- Pythagoras

5. "Above all things, respect yourself."

- Pythagoras

6. "We come from God.

As the tree from the root and the stream from the spring;

That's why we should always be in contact with Him, as the trunk from the root.

Because the stream dries up when it is separated from the spring and the tree dies when is uprooted."

- Pythagoras

7. "If you have a wounded heart, touch it as little as you would an injured eye.

There are only two remedies for the suffering of the soul: hope and patience."

- Pythagoras

8. "The oldest, shortest words - 'yes' and 'no'

Are those which require the most thought."

- Pythagoras

9. "Hate and fear breed a poison in the blood, which if continued, affects eyes, ears, nose and the organs of digestion.

Therefore, it is not wise to hear and remember the unkind things others might say about you."

- Pythagoras

10. "Concern should drive us into action and not into a depression."

- Pythagoras

11. "It is better to be silent, than to dispute with the Ignorant."

- Pythagoras

12. "Don't try to cover your mistakes with false words.

Rather, correct your mistakes with examination."

- Pythagoras

13. "In anger, we should refrain both from speech and action."

- Pythagoras

14. "Learn to be silent. Let your quiet mind listen and absorb."

- Pythagoras

15. "Friendship is one soul in two bodies."

- Pythagoras

Control your MIND.
Control your life.
Work on Mental Models:

- learn big ideas
- study bug disciplines
- practice critical thinking
- strengthen your vision and leverage
Think in a multidisciplinary way. Think differently.
