The Wall Street Bets due diligence on Wendy's is gold.

The catalysts are:
■■ The release of a new summer salad
■■ The @Wendys Twitter account, which has mastered "meta pragmatic roasting" (which is effective with younger people)
■■ The fact it literally sells chicken tendies

Stick with me here.

This, This right here.

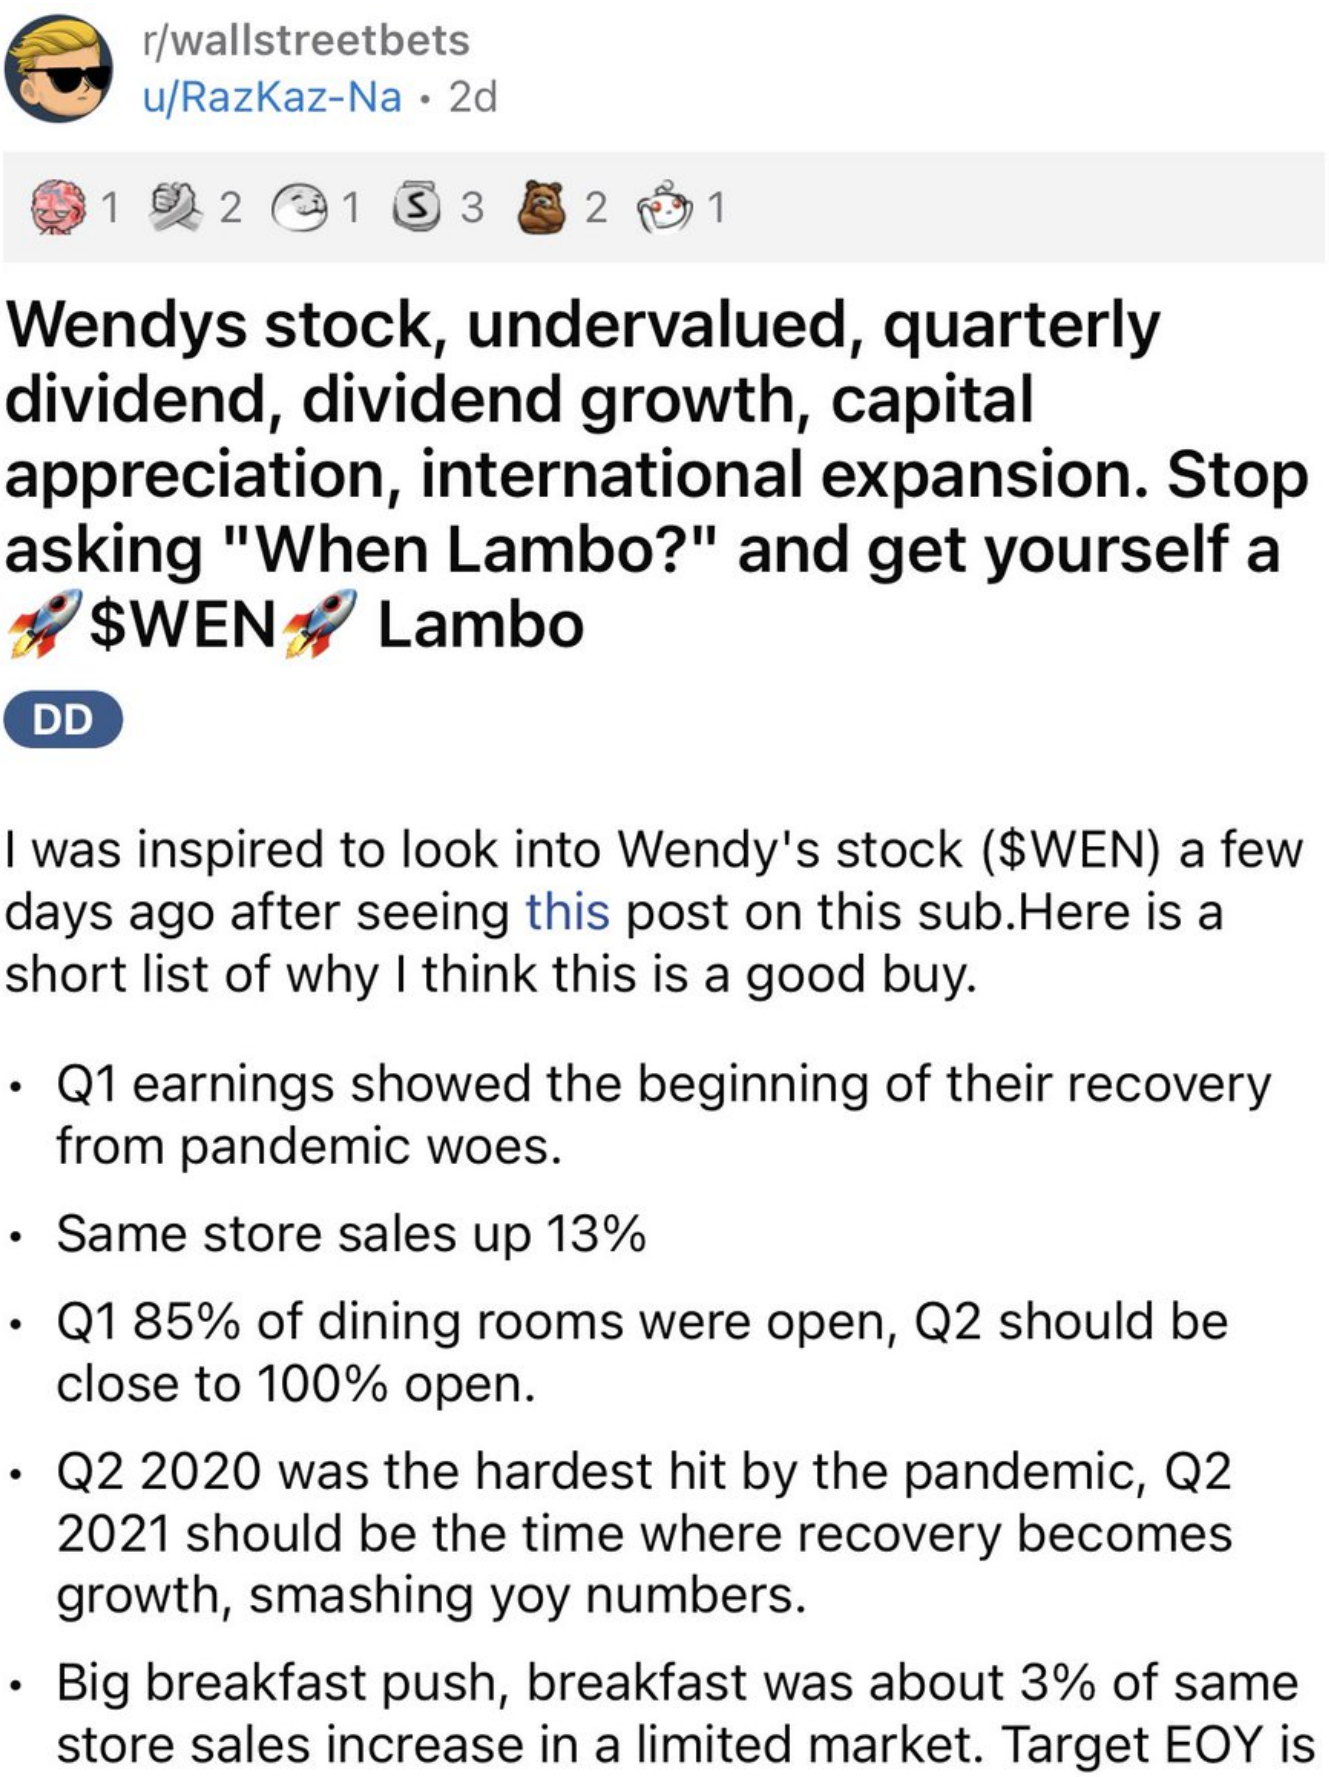

Of course now im in, it makes perfect sense. **Literally its the perfect stock for this sub, let me explain.**

First, they just came out with their new summer salad. Experts are already stating that this salad is the salad of the summer. See attached citation for review. (https://www.prnewswire.com/news-releases/wendys-brings-back-seasonal-summer-strawberry-chicken-salad-301306465.html)
