#Thread. Hindus are the real enemies of fellow Hindus.

As BJP and Sanghis projecting Muslims and Christians aren't the enemies of Hindus, the Hindus are the enemies of Hindus and Hinduism.

Christians and Muslims have not barred us from education. Christians and Muslims have not banned us from entering temples.

Christians and Muslims are not made us untouchables. Neither of them made our women joginis, devadasis.

Christians and Muslims hadn't poured molten lead in our ears for reading or hearing Vedas. Christians and Muslims have not been fighting against our reservations.

Christians and Muslims are not demanding against SC-ST preventions of atrocities act.

None of them looted our lands in the name of caste.

Neither Muslims nor Christians killing our boys in the name of caste. Christians and Muslims are not controlling the politics and wealth of India.

They are not enjoying the benefits in education and employment more than their population.

Dear brahminised Dalit Shudras do not fall prey for BJP communal politics. Only the minority Hindus are the real enemies of fellow majority 80% Hindus, not the Christians and Muslims.

Don't forget what Ambedkar had said, to say in his words. “Brahminism is the poison which has spoiled Hinduism. You will succeed in saving Hinduism if you will kill Brahminism."
