In 70 years, Hindus didn't understand that a family made India a Muslim nation. But in 5 years, Muslims understood that Modi was creating a Hindu nation.
Country was cut into 2 pieces, but no sound came from anywhere. Half Kashmir gone, no noise?

Tibet went, there was no rebellion?
Wounds like reservation, emergency, Tashkent, Shimla, Sindhu were given, but no one cared
2G, Coal, CWG, Augusta Westland, Bofors like blur but no noise
Veto power was given to china, no train were stopped.

Brave heart like Lal Bahadur Shastri was lost, no candle was lit and nobody demanded a CBI inquiry
Leaders like Madhavrao, Rajesh Pilot were killed, made no difference
But as soon as beef was stopped, the catastrophe ensued

As soon as the national anthem was made compulsory, unhappiness followed
When asked to say #VandeMataram or #BharatMataKiJai, their tongues got stitched
Demonetization and GST made them dance in anger
Best efforts were made to make Aadhar into niradhar

No one felt pain for #KashmirPandits who became refugees in their own country
Rohingyas are causing pain for Muslims.
Congress has made Hindus Namard

50,000 temples closed or demolished in Kashmir due to terrorism will be opened or built - Union Minister Kishan Reddy
Good news, but 50,000? Hearing this figure, my mind numbed
Stones on window of Church or Mosque, Media will cry foul for weeks

But not few, but 50,000 temples were closed... didn't any Hindu know about it?
Forcibly drive away Hindus from the valley, then eradicate every sign of Hinduism,
Think how big a conspiracy it was... To destroy a religion from root of whole valley?

If Modi hadn't come, no one would have known this! Why did leftist journalists, Muslim intellectuals and Congress never put this issue before the country?
Seems whole plan was going on like an intrigue and so peacefully that we didn't even know…

Think about it...
