How to find stocks having high RS (Relative Strength) Rating for positional trades/investment

Step 1. Go to Marketsmith India website or download their App

Step 2. Sign up by filling some basic details

Step 3. Go to Idea Lists (Screen best stocks)

DOWNTREND

The market is trending downward. Avoid new purchases, get off margin, and raise cash by selling your weakest stocks.

[View History](#)

Index	Price	Price Change	Price % Change
Nifty 50	17,026.45	509.80 ↓	2.91% ↓
Nifty Mid Cap 50	8,302.75	327.75 ↓	3.80% ↓

RS Rating **75** A/D Rating **B**

Everest Kanto Cyld.(Nse)

There will be some micro & nano cap stocks which you can eliminate from the list..Study the stocks on technical charts to find good entry points & if you may do some fundamental checks then it will be an added advantage..

This tweet is not for promotion/ advertisement..I found this website genuine so though of sharing it with all

Happy Investing■
