The VOX audit reveals a scam of almost 4,000 million euros in the Board of @susanadiaz

The President of the Junta de Andalucía, already assured this week that he had started the audit of the accounts ■■

of the previous Díaz government, stating that there were at least 2,900 million deviations in the Health and Education accounts. But another 1,028 million hole seems to have been discovered in the Ministry of Development. ■■

Both, Partido Popular and VOX participate in this audit, which included among its requirements to support Moreno the aforementioned audit of the socialist accounts. In total, the deviation that has been found has 565.2 million euros in different invoices ■■

from the Public Works Agency, 396.6 million in pending payments to financial entities and 168.5 million in payments for unfavorable judicial decisions.

In the Housing Agency of the "Junta de Andalucía", more unaccounted-for invoices have been found, reaching 443 million euros,■■

and in the Ports Agency, another 14.9 million have been found outside the official accounts. The worst thing is that the executive is convinced that this is only the tip of the iceberg, and the end results can be scandalous. ■■

On the other hand, it has been verified that of the money received by the Board from the European Union, through the European Rural Development Fund, 78% of the projects financed through the mechanism have NOT been carried out. ■■

Some of them tendered in the first months of Susana Díaz's government. Keep giving money to PSOE politicians. They will keep stealing. Socialism and communism in the history of Spain carries it in its DNA.
■■

The bad thing is that now we have @PSOE in all Spain and agreeing with communists @PODEMOS and terrorists @ehbildu to stay in power. ■■

Giving money to Spain is to enrich only the politicians. The European Union is completely abandoning its European citizens in Spain. We demand don´t to give a cent to them until a general election is called with all possible democratic guarantees. #StopCommunism
