#Intellect

See this now and compare it with the associated tweet to identify extended stocks that could potentially prevent u from entering . RS is now negative and at rock bottom levels.

#FreeTip#Positional

How to assess if a stock is too extended? Many find it difficult to assess the matured stage of a very strong uptrending stock.

1 easy way is avoid entering in the 5th base onwards during Stage 2 of the stock. For eg, Base count of [#Intellect](#) is in pic. pic.twitter.com/MCxK6vzjT4
