Last time I shared a basic stock screener for Investors.

Today I will share 1 Basic stock screener for traders .. ■

PLUTUS ACADEMY

Financial Literacy. Literally

BASIC Stock Screener for Retail Public

- Don't buy when $PE > 35$
- $PEG < 3$
- $ICR > 3$
- Strong Hand Holdings- When Promoter+FII+DII greater than 85%
- Company's Growth Rate $>$ India's nominal GDP Growth Rate
- $ROCE > 14$
- EPS Growth Rate (YOY) $> 14\%$
- If you are an investor, try buying companies which are holding EMA 63 and EMA 200
- Check Monthly RSI < 70
- If one is an investor for more than years, then select weekly charts and select EMA 63 on weekly charts.
- For Traders, the moment EMA 63 is broken, you should not use more than 20% of your capital in trading.
